

STATEMENT OF SUFFICIENCY
2023-2024 Proposed Initiative #77 "Economic Impact Statement"

April 22, 2024

On March 27, 2024, the proponents and designated representatives of 2023-2024 Proposed Initiative #77 ("Economic Impact Statement") submitted 199,126 petition signatures to the Elections Division of the Secretary of State's office. After reviewing a five-percent random sample of the submitted signatures, the Elections Division of the Secretary of State's office projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

Random sample verification summary:

Total number of qualified signatures submitted	199,126
5% of qualified signatures submitted (random sample)	9,957
Total number of entries accepted (valid) from the random sample	7,473
Total number of entries rejected (invalid) from the random sample	2,484
Number of projected valid signatures from the random sample	149,449
Total number of signatures required for placement on ballot	124,238
Projected percentage of required valid signatures	120.29%

Because the random sample verification established that the projected number of valid signatures totals 120.29 percent of the amount required for placement on the ballot, 2023-2024 Proposed Initiative #77 is sufficient and will be certified to the 2024 general election ballot.

Dated this 22nd Day of April, 2024.

Jeffrey Mustin
Ballot Access Manager
