RE: Correction Request Tracking No. 2016-00594

Dear Secretary of State Williams:

On July 7, 2015, the Colorado Department of Public Health and Environment (“CDPHE”) submitted SOS tracking #2015-00226, Proposed Amendments to Part 4 of 6 CCR 1007-1 – Standards for Radiation. At the rulemaking hearing on June 17, 2015, the board adopted changes to Table 4. It has come to CDPHE’s attention that Table 4 contains the following formatting errors:

- Sulfur -35 Vapor formatting is off, due to the dash for Column 1 of Table 4B1 being left off, so that the value for Column 2 is in Column 1, the value for Column 3 is in Column 2 and so forth.
- Cerium-143 Class W formatting is off, such that the “LLI wall” designation is under the isotope rather than in Column 1.

On November 17, 2016, CDPHE requested an administrative change to SOS tracking #2015-00226 in order to correct the errors designated above. A corrected version has been submitted.

This correction is technical and non-substantive in nature and is submitted to you for publishing in the CCR pursuant to C.R.S. § 24-4-103 of the State Administrative Procedure Act.

Please contact me at 720-508-6145 if you require further information. Thank you for your assistance.

Sincerely,

FOR THE ATTORNEY GENERAL
