RE: SOS Correction Tracking Number 2023-00643
Revision to 12 CCR 2509-1, Sections 7.000.D and 7.000.2

Dear Secretary Griswold,

I reviewed the corrections to the accompanying rule revisions and determined the matters being corrected are non-substantive typographical errors and that the corrections are necessary to ensure the published rule and corresponding opinion conform to the adopted rules, pursuant to section 24-4-103(11)(d), C.R.S. (2023).

The corrections address typographical errors in the rule originally submitted under SOS Tracking Number 2023-00643. The only changes are to modify "COUNSEL FOR YOUTH" to lowercase "counsel for youth" in section 7.000.D, typecase errors in the definitions of "Counsel for youth" and "Guardian ad litem" at section 7.000.2, and typographical errors in both definitions in section 7.000.2. The corrections are non-substantive because they correct errors without changing the meaning of the rule and are consistent with the rule as presented to and passed by the State Board of Human Services.

Sincerely,

FOR THE ATTORNEY GENERAL

/s/ Tanya L. Norris
