

**STATEMENT OF BASIS, PURPOSE,  
AND SPECIFIC STATUTORY AUTHORITY**

The basis and purpose of these regulations is to: adopt nationally-recognized codes and standards; to add or clarify terminology; to add or clarify the duties of LPG facility owners, delivery drivers and certain users; and to improve the effectiveness of the division's LPG program.

The codes incorporated by reference have been updated to reflect the most recent technology, standards and safety necessary for the preservation of the public health, safety and welfare of the citizens of Colorado where related to the design, construction, location installation, and operation of equipment for storing, handling, transporting, dispensing, and utilizing LPG. In addition there are several issues related to permitting and installations, safety when making deliveries of propane, leak testing, and training for transport operators that need updated and addressed in the regulation in order to continue to ensure public health, safety, and welfare.

The amendments to these regulations are created pursuant to 8-20-302, 8-20-402 and 8-20-405 of the Colorado Revised Statutes.
