FIRE SUPPRESSION PROGRAM

STATEMENT OF BASIS, STATUTORY AUTHORITY, AND PURPOSE

Pursuant to Section 24-33.5-1203.5, C.R.S., the Director of the Colorado Division of Fire Prevention and Control shall promulgate rules as necessary to carry out the duties of the Division of Fire Prevention and Control. This rule is adopted pursuant to this authority and is intended to be consistent with the requirements of the State Administrative Procedures Act, Section 24-4-101, et seq., C.R.S.

The purpose of this rulemaking is several fold. First, the rule addresses the Division's need to raise fees related to inspections and plan reviews under Section 11.2, which is necessary in order for the Division to defray the anticipated costs of the program.

Second, this rule amends section 6.3.6 for underground fire protection system supply lines to include underground supply lines for a private water supply system.

Third, this rule adds specific requirements for registration for Fire Suppression System Contractors-Underground under Section 3.8.

Finally, this rulemaking amends and restates in their entirety all rules within 8 CCR 1507-11. This includes restatement of Rules 5.5.1.4, 10.5.1, and 10.5.4, that expired on May 15, 2019.
