

COLORADO

Department of Transportation

2829 W. Howard Place
Denver, CO 80204-2305

Statement of Basis and Purpose

The rules governing the practice and procedures of the Transportation Commission of Colorado are found at 2 CCR 601-11.

The statutory basis for the rules governing the practice and procedures of the Transportation Commission of Colorado (Transportation Commission) is set forth in § 43-1-106(6) and § 43-1-106(8)(k), C.R.S.

The purpose of these rules sets forth provisions governing the Transportation Commission's actions, administrative practices, and transaction of business. The purpose for this specific rulemaking is to modify 2 CCR 601-11, Rule 3.00 titled Committees of the Commission. This rule-making proposes to change the name of "the Transit and Intermodal Committee" to "the Mobility Systems Committee". Additionally, the number of Commission member seats on standing committees will be modified.
