

## STATEMENT OF BASIS AND PURPOSE

The basis for the repeal of the following rule is C.R.S. 25-5-704 (1) (a).

When the current ANSI standard was adopted, Rule 3.3.4.3.1 had been revised and included in the standard. With the ANSI changes, the CPTSB Rule 3.3.4.3.1 needs to be repealed. The purpose for the repeal of CPTSB Rule 3.3.4.3.1 Acceptance criteria for grips and hangers – minimum requirements is to revert to the current ANSI Rule 3.3.4.3.1 Carrier inspection plan.

The repeal of this rule shall become effective May 15, 2014.
