

**FINAL REGULATIONS - CHAPTER W-0 - GENERAL PROVISIONS**

**ARTICLE IV - MANNER OF TAKING WILDLIFE**

**#004 - AIDS IN TAKING WILDLIFE**

- A. Aids Used in Taking Big Game, Small Game and Furbearers - Except as expressly authorized by these regulations, the use of baits and other aids in hunting or taking big game, small game and furbearers is prohibited.
  - 1. Baits
    - a. Furbearers may be taken with the aid of baiting. Where permitted, baits shall consist solely of material of animal or plant origin and shall not contain any materials of metal, glass, porcelain, plastic, cardboard or paper. Wildlife used as bait shall be the carcass, or parts thereof, of legally taken furbearers, carp, shad, white and longnose suckers, and nonedible portions of legally obtained game mammals, birds and game fish.
  - 2. Dogs
    - a. Use of dogs in the taking of wildlife is prohibited except as authorized in Commission Regulations. (See also: §33-4-101.3, C.R.S.)
      - 1. Dogs may be used to hunt or take mountain lion, small game, waterfowl, and furbearers, only as an aid to pursue, bring to bay, retrieve, flush or point, but not otherwise. Except as provided in (3) of this subsection, dogs shall not be used to hunt or take cottontail rabbits, snowshoe hares, and tree squirrels where a regular deer, elk, pronghorn or moose season is in progress.
      - 2. A leashed dog may be used as an aid in locating and recovering wounded big game wildlife, except for black bears, with the purchase of an annual tracking permit. Tracking permits can be purchased for \$40.00 from any Colorado Parks and Wildlife Office by the dog handler. Prior to using the permit, the dog handler must notify a Colorado Parks and Wildlife Office and provide the following information: the dog handler's name, hunter's name (if different than the handler), hunter's CID number, location of use, species to recover, and time of use. Within five business days of using the permit, the handler must also notify the Division regarding whether they recovered the carcass. A dog may only be used to pursue or locate wounded big game during legal big game hunting hours. Provided however, that such pursuit may continue after legal big game hunting hours if the handler contacts and obtains the permission of a Wildlife Officer prior to continuing such pursuit. In acting on any such request, the Wildlife Officer shall consider the general public safety and may authorize the dispatch of the wounded animal after legal hunting hours. The dog must be leashed at all times and can not be used to kill, chase, or harass wildlife. The properly licensed hunter is required to be present while the dog is tracking and the animal must be dispatched by the hunter using a legal method of take based on their license. The dog handler is required to wear daylight fluorescent orange or fluorescent pink while tracking, unless the handler is tracking an animal shot on an archery license.
      - 3. Organized dog pursuit events involving the hunting of rabbits or hares conducted by state or nationally-recognized sporting associations may be conducted on private lands or public lands not concurrently open to big game hunting during the extended dog pursuit season for such species.
      - 4. A valid small game license is required for all dog handlers participating in any dog pursuit event involving the hunting of rabbits or hares, in accordance with regulation #004(A)(2)(a)(3).
  - 3. Other Aids
    - a. Mechanical calls may be used to take all species of wildlife during established seasons.

- b. Except as otherwise provided in these regulations, electronic calls may only be used as an aid in taking ~~the following species:~~
    - ~~1. Furbearers;~~
    - ~~2. Starting April 1, 2021, mountain lions during open seasons only and for Game Management Units 43, 44, 45, 60, 61, 70 west of Colo 141, 72, 73, and 444 only.~~
  - c. Decoys may be used.
  - d. European ferret may be used as an aid in taking small game only in conjunction with hawking. All ferrets used in this activity must be neutered, permanently tattooed on the left inguinal area and dyed along one-fourth (1/4) of their body length for easy field identification.
  - e. Manner of take accommodations may be issued to persons with disabilities, in accordance with #1680.
- B. It shall be unlawful to hunt any game birds, small game mammals or furbearers, with a centerfire rifle larger than .23 caliber during the regular deer and elk seasons west of Interstate 25, unless the hunter holds an unfilled deer or elk license for the season he is hunting.
- C. It shall be unlawful to use a drone to look for, scout, or detect wildlife as an aid in the hunting or taking of wildlife.
- 1. For the purposes of this regulation, drone shall be defined as including, without limitation, any contrivance invented, used or designed for navigation of, or flight in the air that is unmanned or guided remotely. A drone may also be referred to as “Unmanned Aerial Vehicle” (UAV) or “Unmanned Aerial Vehicle System” (UAVS).
- D. Smart Rifles
- 1. All firearms used to take or attempt to take wildlife shall be fired only by humanly controlled, manually-operated mechanical triggers. No person shall use a smart rifle to take or attempt to take wildlife.
  - 2. **“Smart Rifle”** means any firearm that is equipped with one or more of the following:
    - a. A target tracking system;
    - b. An electronically-controlled, electronically-assisted, or computer-linked trigger;
    - c. A ballistics computer.
- E. Live-Action Game Cameras
- 1. No person shall use a live-action camera to locate, surveil, or aid or assist in any attempt to locate or surveil any game wildlife for the purpose of taking or attempting to take said wildlife during the same day or following day.
  - 2. **“Live-Action Game Camera”** means any device capable of recording and transmitting photographic or video data wirelessly to a remote device, such as a computer or smart phone. “Live-action game camera” does not include game cameras that merely record photographic or video data and store such data for later use, as long as the device cannot transmit data wirelessly.
- F. **Aircraft**, by permit only.
- 1. The Division may issue permits for the taking wildlife by aircraft when it is determined by the Director that such a permit is necessary for the protection of wildlife populations or for depredation purposes. Applicants shall fill out applications furnished by the Division and shall give such information thereon as may be required by the Division; including, if requested, a map of the area where control of animal damage is needed.
  - 2. Permits shall not be issued for longer than a thirty (30) day period. A permit may, however, be renewed without submitting a new application unless deemed necessary by the Director. Any such permit may be revoked by the Director at any time. Permittees shall abide by restrictions and conditions set forth on the permit.
  - 3. Permits to use aircraft will be issued only upon authority of the Director.
  - 4. Reporting.

- i. Within ten (10) days after expiration of an aircraft permit the permittee shall file a report on forms provided by the Division. The report shall contain all information the Division may request, including but not limited to: a) number of wildlife killed, b) location of each kill, and c) number of hours flown.

## ARTICLE XI - SPECIAL RESTRICTIONS

### #020 -

- A. Most restrictive Federal or State law - In all cases of licensing, taking, possession, importation, exportation, release, marking and sale of any wildlife, irrespective of current status (threatened, endangered, game or nongame), the most restrictive state or federal regulation shall apply by species.
- B. Live Capture – Common snapping turtles may be taken in any number and maintained alive.
- C. Tagging and carcass tag requirements.
  1. A carcass tag is required for all big game and for turkey.
  2. When any person kills a wildlife species for which a carcass tag is required such person must immediately void the carcass tag by signing, dating and detaching it. Such tag must be attached to the carcass immediately prior to and during transportation in any vehicle or while in camp or at a residence or other place of storage. Such tag, when so dated, signed and attached to the species lawfully taken or killed and lawfully in possession, authorizes the possession, use, storage, and transportation of the carcass, or any part thereof.
  3. If the carcass tag and/or license are inadvertently or accidentally detached, lost or destroyed, the licensee must obtain a duplicate carcass tag and/or license before he can lawfully hunt with such license. The duplicate carcass tag may be obtained upon furnishing satisfactory proof as to the inadvertent or accidental nature of detachment, loss, or destruction to the Division.
- D. Waste of Wildlife
  1. Except for furbearers, Terrestrial Invasive Species listed in Commission Regulation #002(M)(1), wildlife listed in Commission Regulation #300(D)(3), or any wildlife taken under the authority of §33-6-107(9), C.R.S., all edible portions of game wildlife taken under the authority of a license shall be properly prepared to provide for human consumption. For the purpose of this restriction edible portions shall not include internal organs.
  2. Any consumption or spoilage of game wildlife by a falconry raptor upon the raptor's capture of the game wildlife shall not be considered waste of wildlife, provided the falconer makes a reasonable and timely attempt to retrieve the game wildlife and prepare some remaining edible portion for human consumption.
- E. Closures
  1. Federal fish hatcheries and rearing units except that persons designated by the United States Fish and Wildlife Service may take fish or amphibians within the boundaries of said hatcheries or rearing units.
  2. Except as otherwise provided in these regulations all Division hatcheries, rearing units and holding basins shall be closed to the taking of fish and amphibians.

3. State Refuges, Parks and Monuments - Public access to any refuge, park or monument, the jurisdiction over which is by law given to any federal or state agency or municipality, may be limited by order of said agency or municipality to the same extent as if said agency or municipality were a private person.
4. Hunting with rifles, handguns or shotguns firing a single slug, or archery equipment is prohibited within an area fifty (50) feet on each side of the center line of any state highway or municipal or county road as designated by the county. In the case of a divided road or highway this shall include the entire median area and the fifty (50) feet shall be measured from the center line of both roads.
5. Hunting is prohibited on Mt. ~~Evans-Blue Sky~~ Summit Lake cirque, and within 1/4 (one-quarter) mile of either side of the centerline of Mt. ~~Evans-Blue Sky~~ Highway (Colo 5) while the road is open to motor vehicle traffic, from its intersection with Colo 103 to the summit of Mt. ~~Evans-Blue Sky~~. When Colo 5 is closed to motor vehicle traffic at the entrance gates at the intersection of Colo 5 and Colo 103, this hunting closure is lifted. Hunting is prohibited within 1/2 (one-half) mile of Colo 5 at all times for ptarmigan. (Information note: maps are available from the Division, Northeast Region Office, 6060 Broadway, Denver, Colorado 80216.)
6. All lands in the Gore Creek Drainage south of I-70 from Lions Head Ski Lift at Vail to the intersection of I-70 and US 24, and all lands on the north side and within one-half (1/2) mile of I-70 from the main Vail exit (exit 176) west to the intersection of I-70 and US 24 shall be closed to all hunting during the regular rifle deer and elk seasons each year.
7. Hunting is prohibited, year-round, along Kenosha Pass within ¼ (one-quarter) mile of either side of the centerline of U.S. Highway 285 between mile marker 203 and mile marker 206 located within Park County, excluding private lands.
8. Hunting is prohibited within ¼ (one-quarter) mile of either side of the centerline of Guanella Pass Road (Clear Creek County Road 381 and Park County Road 62) while the road is open to motor-vehicle traffic, from mile marker 12.5 to mile marker 19 (which is located at the intersection of Guanella Pass Road and Clear Lake picnic area), also to include a ¼ (one-quarter) mile closure around and including Deadman's Lake located to the east of Guanella Pass Road and to the North of Mt. Bierstadt Trail (USFS trail #711), excluding private lands. When Guanella Pass Road is closed to motor-vehicle traffic, this hunting closure is lifted.

#### F. Director's Authority

1. The Director of the Division may establish and enforce temporary closures of, or restrictions on, lands and waters of the state to hunting, fishing or other wildlife-related recreation, including but not limited to the collection of shed antlers, for a period not to exceed 9 months. Such temporary closures may be established and enforced only where necessary to protect public safety, protect threatened or endangered wildlife species, protect wildlife resources from significant natural or manmade threats, such as the introduction or spread of disease or nuisance species, changing environmental conditions or other similar threats, protect time-sensitive wildlife use of lands or waters, protect against additional and significant environmental damage after an area has sustained a natural or manmade disaster, or to facilitate Division-sponsored wildlife research projects or management activities. Whenever such closure is established, public notice of the closure shall be given, including the posting of the lands and waters affected, indicating the nature and purpose of the closure. Upon posting, it shall be unlawful to hunt, fish or engage in any other designated wildlife-related recreation on such lands or waters or enter the lands or waters for the purpose of hunting, fishing or any other designated wildlife-related recreation.

G. Incorporated References

1. Materials incorporated by reference in these regulations only include the edition of the material specifically identified by date in the incorporation by reference. The incorporation by reference does not include later amendments to, or editions of, the incorporated materials. Information regarding how and where the incorporated materials may be examined, or copies obtained, is available from:

Regulations Manager  
Policy and Planning Unit  
Colorado Division of Parks and Wildlife  
6060 Broadway  
Denver, Colorado 80216

2. In addition, materials incorporated by reference in these regulations are maintained by, and available for examination at, any state publications depository library.

H. Possession of Edible and Non-edible Portions of Mountain Lions and Bears

The possession of the carcass, hide, skull, claws, or any part of any bear or lion is prohibited unless the animal was taken by a licensed hunter during an established hunting season or unless specifically authorized by the Division.

I. Chronic Wasting Disease Reporting

Chronic Wasting Disease (CWD) is classified as a disease which, whenever detected in the wild or in a commercial park, must be reported to the Colorado Division of Parks and Wildlife Veterinarian, 317 W. Prospect, Ft. Collins 80526, within 24 hours of the receipt of any CWD positive test result. As a condition of issuance of a license or permit, any hunter, commercial park licensee, other license holder or permittee of the Division, or any member of the public who submits a deer or elk head for CWD testing grants consent for the lab to report the test results to the Division. A written copy of the test report shall be provided to the Division at the above address within 10 days of test completion, either by the lab or by the person who submits the sample.

J. Electronic Ignition Muzzle Loaders

It is unlawful for any person, except a person authorized by law or by the division, to possess or have under his control a loaded electronic-ignition muzzle loader in or on any motor vehicle unless the chamber of such firearm is unloaded or unless the battery is disconnected and removed from its compartment.

**Basis and Purpose:**

**Removing electronic calls as a legal method of take for mountain lions**

In April 2021, electronic calls were legalized for hunting mountain lions in a small subset of GMUs (43, 44, 45, 60, 61, 70 west of Colo 141, 72, 73, and 444) associated with the implementation of the West Slope Lion Management Plan. Use of electronic calls was intended to address conflict lions near residential areas while helping to reach harvest objectives. However, in the 2+ full lion seasons since this regulation went into place only 3 lions have been harvested with electronic calls. As stated in the West Slope Lion Plan, CPW committed to assessing the efficacy of electronic calls in contributing to harvest. While electronic calls remain a possible tool for managers to consider, it appears at this time not to be a meaningful contributor to the specific harvest goals laid out in the Plan in the areas where it was legalized.

**Revising Mount Evans to Mount Blue Sky**

Mount Evans was renamed Mount Blue Sky by the U.S Board on Geologic Names. The name is now consistent in regulation.

**Modifying the game management unit boundary for 43**

Over the years, human development and recreational activity have not increased equally across the unit. In the portion of the unit that includes the towns of Aspen and Snowmass Village and the Maroon Bells Scenic Area human development and recreation is higher than in the mid-to lower portions of the Roaring Fork Valley and Crystal Valley. Splitting GMU 43 into a smaller GMU 43 and a new GMU 431 divided in the same way that the September bear licenses currently are, will allow directed harvest efforts toward the upper Roaring Fork Valley where bear-human conflicts have been especially frequent.

**Modifying the game management unit boundaries for 79 and 791**

In 2018, to address residential elk game damage on private land in “the triangle” (in GMU 79), CPW changed the management of the area to mimic the hunts occurring on the valley floor. As part of the change traditional elk licenses in GMU 79 were no longer valid in the triangle. Because of the way the change was made, landowners still met the Landowner Preference Program (LPP) criteria to receive vouchers to hunt elk; however, those licenses were no longer valid on their land. Moving the triangle portion from GMU 79 to 791 corrects this issue.
