SUMMARY

The purpose of amending 3-CCR 701-1 CB101.49 is to reinstate a paragraph in section (D) that was removed once previous emergency rule language had expired. Additionally, updates to the Division of Banking's (Division) address and phone number are needed.

ANALYSIS

Banking Board Rule 3-CCR 701-1 CB101.49 was amended via Emergency Rulemaking in April 2020, to extend the 150 day due date to 180 days. Upon the emergency rule expiring, a paragraph in section (D), in which the extension was granted, was removed from the rule rather than reverting to the previous language.

This amendment will reinstate a paragraph in CB101.49(D) as it was written prior to the emergency rulemaking.

Additionally, updates to the Division's address and phone number are needed.

RECOMMENDATION

Based on the research by Division staff for the proposed amendment, it is the recommendation by the Division that the change be made to Rule 3-CCR 701-1 CB101.49 to reinstate a paragraph in CB101.49(D) as it was written prior to the emergency rulemaking and to make necessary updates to the Division's address and phone number.
