STATEMENT OF BASIS AND PURPOSE 2010

The basis for the revision of the following rules are sections 12-25-107(1)(a), 12-25-207(1)(a), and 12-25-307(1)(a) of the Colorado Revised Statutes.

The purpose for the revision and adoption of these rules is to:

- Implement HB10-1085 concerning land surveying, and, in connection therewith, altering licensure criteria for land surveyor applicants;
- Implement HB10-1148 concerning the elimination of the requirement that an architect maintain continuing professional competency in order to renew a license to practice architecture;
- Update the requirements regarding experience required to become licensed as an Architect;
- Update and clarify language that has proved problematic in practice;
- Put into rule those board policies that concern the practice of engineering, land surveying and architecture; and
- General housekeeping (correcting typographical errors, formatting, etc.) throughout.
