NOTICE OF PUBLIC RULEMAKING HEARING BEFORE THE COLORADO AIR QUALITY CONTROL COMMISSION

Regarding proposed revisions to:

Common Provisions Regulation and Regulation Number 3: Parts A, B & D for incorporation into the State Implementation Plan

SUBJECT:

The Air Quality Control Commission will hold a rulemaking hearing to consider revisions to the Common Provisions Regulation and Regulation Number 3 that are consistent with, and as stringent as, EPA's GHG Tailoring Rule. The proposed revisions would incorporate EPA's GHG Tailoring Rule into the Title V and PSD Permitting Programs, and support synthetic minor permitting at stationary sources seeking federally enforceable limits to avoid major source or major stationary source applicability thresholds specific to GHG. The Commission will consider revisions to the regulations to add the definitions of greenhouse gas, carbon dioxide equivalent and subject to regulation, revise the definition of major source and regulated pollutant, revise the annual fees to exclude greenhouse gas emissions, allow for synthetic minor source permitting, and make the rule effective January 2, 2011. Additionally, the Division proposes revisions to make typographical, grammatical and formatting changes as necessary.

FEDERAL REQUIREMENTS:

The federal act does not require the Commission to make any of the rule revisions that are the subject of this Notice of Public Rulemaking Hearing. A proposed Statement of Basis, Specific Statutory Authority, and Purpose and a regulatory analysis (if one has been requested) will be available for inspection no later than five (5) days prior to the hearing. The proposed language for the rule revision is attached to and made a part of this notice.

HEARING SCHEDULE:

DATE: October 21, 2010
TIME: 9:00 AM
PLACE: Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South, Sabin Conference Room

PUBLIC COMMENT:

The Commission encourages all interested persons to provide their views either orally at the hearing or in writing prior to or at the hearing. The Commission especially solicits comments and analyses from persons who will incur directly some cost or benefit from the proposed revisions. Public testimony will be taken as close to the start of the hearing as possible and during the hearing as necessary.
