

PUBLIC EMPLOYEES' RETIREMENT BOARD

Public Employees' Retirement Association

COLORADO PERA RULES

8 CCR 1502-1

Authority

The statutory authority for rulemaking by the Public Employees' Retirement Association is Colorado Revised Statute section 24-51-204(5), as amended.

Scope and Purpose

The purpose of this rulemaking is to amend Colorado PERA Rules as follows:

1. 2.15 is being amended to reflect name changes in PERA-affiliated employers and an affiliation to PERA.
2. 2.98 is being added to reflect PERA's long-standing interpretation and plan procedure that a change in marital or civil union status does not nullify the designation of a beneficiary, cobeneficiary, co-annuitant, or named beneficiary.
3. 7.75D is being amended to reference Part 9 of Article 51 of Title 24, C.R.S. rather than just Section 905.
4. 11.12F is being amended to enable PERA to collect owed working retiree contributions via benefit offset for retirees working as independent contractors for PERA employers rather than PERA billing the retiree.
5. 12.10C(1) is being amended to enable eligible individuals to enroll in PERA's Health Care Program within 30 days of their Medicare effective date rather than their Medicare eligibility date.
