

5.2.5.2 The Alluvial Aquifer within the Lost Creek Designated Ground Water Basin area south of the line between Township 2 North and Township 3 North and east of the line between Range 61 West and Range 62 West is determined to be overappropriated and, therefore, no new large capacity well permits shall be granted in this area unless a replacement plan is approved by the Commission in accordance with Rule 5.6. A new large capacity well permit can be granted to appropriate water from the Alluvial Aquifer within the Lost Creek Designated Ground Water Basin area north of the line between Township 2 North and Township 3 North and west of the line between Range 61 West and Range 62 West if this appropriation does not unreasonably impair any existing water rights.
