

**COLORADO**Department of Public
Health & Environment

To: Members of the State Board of Health

From: Justin Trubee, Manufactured Food Safety Program Manager,
Division of Environmental Health and Sustainability
Sean Scott, Deputy Director,
Division of Environmental Health and Sustainability

Through: Jeff Lawrence, Director
Division of Environmental Health and Sustainability (JL)

Date: September 20, 2023

Subject: **Request for Rulemaking Hearing**
Proposed Amendments to 6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations* with a request for a rulemaking hearing to be set for November 15, 2023

The Division of Environmental Health and Sustainability (“division”) is proposing revisions to 6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations* and is requesting that the Board of Health schedule a rulemaking hearing to consider adoption of the proposed amendments at the November 15, 2023, Board of Health meeting.

In compliance with the State Administrative Procedure Act, Section 24-4-103.3, C.R.S., the department is proposing amendments to 6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*. This request for rulemaking proposes to remove all requirements associated with hemp products in Colorado from the *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*, and revises the name of the regulation to the *Colorado Wholesale Food and Shellfish Regulations*.

Senate Bill SB22-205 established a task force to study intoxicating hemp products and make recommendations for legislative and rule changes. SB23-271 codified the work of the task force and activated significant changes and additions to the requirements placed on hemp products in Colorado. This proposed rulemaking addresses the changes codified in SB23-271 by removing all requirements associated with hemp products from 6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*. Those requirements will be addressed with rulemaking for a new regulation dedicated entirely to hemp products. 6 CCR 1010-21 was last amended by the Board of Health in February 2021.

The revisions proposed with this rulemaking would maintain wholesale food regulations that ensure that all locations in Colorado where foods are manufactured, packed, processed, prepared, treated, packaged, transported, or held for distribution are done in accordance with the “Pure Food and Drug Law”, Section 25-5-401 *et seq.*, C.R.S. and the “Shellfish Dealer Certification Act,” Section 25-4-1801 *et seq.*, C.R.S.

Electronic copies of 21 CFR 100-190, the NSSP Shellfish Ordinance, the “Pure Food and Drug Law”, and the “Shellfish Dealer Certification Act,” are available for review on the division website and at the Colorado Legal Resources provided by LexisNexis:

- <https://advance.lexis.com/container?config=0345494EJAA5ZjE0MDIyYy1kNzZkLTRkNzktYTkxMS04YmJhNjBlNWUwYzYKAFBvZENhdGFsb2e4CaPI4cak6laXLCWyLBO9&crid=28abb ed8-56f4-44da-9671-a4ad25ba0ba4&prid=d441faf3-c6aa-4ddf-ab54-167f1bfc5e2f>

Also, federal regulation currently incorporated by reference and applicable law is posted and available for review using the following website:

- 21 C.F.R. 100-190 - https://www.ecfr.gov/cgi-bin/text-idx?SID=2029b930ffb25f468e235e6ec9a86dea&mc=t rue&tpl=/ecfrbrowse/Title21/21tab_02.tpl

The proposed rule maintains all current regulations and requirements for wholesale food manufacturers and shellfish dealers with no changes. The proposed removal of all requirements associated with hemp products from the rule will simplify implementation for the department and remove confusion for the regulated community. The proposed continuation of incorporation by reference of the applicable portions of 21 CFR 100-190 and the NSSP Shellfish Ordinance into state regulation will maintain public health protections while: providing alignment with current and nationally accepted federal standards for wholesale food manufacturers and wholesale food manufacturers who are also shellfish dealers; allowing Colorado's food manufacturers to participate in interstate commerce associated with wholesale food and shellfish; and maintaining the efficiency and effectiveness of the rulemaking process.

The division appreciates the Board's consideration.

STATEMENT OF BASIS AND PURPOSE
AND SPECIFIC STATUTORY AUTHORITY
for Amendments to
6 CCR 1010-21, *Colorado Wholesale Food and Shellfish Regulations*

Basis and Purpose.

Revisions to *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*, 6 CCR 1010-21 would remove all requirements associated with regulated hemp facilities in Colorado from the regulation and continue the regulation's applicability to wholesale food manufacturers, storage facilities, and shellfish operations.

Senate Bill SB22-205 established a task force to study intoxicating hemp products previously regulated under 6 CCR 1010-21, and make recommendations for legislative and rule changes. SB23-271 codified the changes from the task force and activated significant changes and additions to the requirements placed on hemp products in Colorado. Regulation of hemp products has evolved to the point that a dedicated, stand-alone regulation is required for those products, which are quite different than those typically regulated under wholesale food manufacturing and shellfish regulations. A new rule, specific to hemp products, is being simultaneously proposed under a separate rulemaking to provide clarity and ease of implementation for both the hemp and wholesale food industries. 6 CCR 1010-21 was last amended by the Board of Health in February 2021.

Revisions to *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*, 6 CCR 1010-21 would continue to incorporate by reference the current 21 CFR 100-111, 113-170, and 172-190 (April 1, 2017), and U.S. Department of Health and Human Services, Public Health Service/Food and Drug Administration, *National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish Model Ordinance [(2015 Revision, "NSSP Shellfish Ordinance")]*.

21 CFR 117 establishes the "base requirements" that all food manufacturers must follow in order ensure the safe production of food. The federal rules provide additional clarity of requirements based on the types of foods being manufactured (e.g., acidified foods bottled water, and juice) in the other parts of 21 CFR 100 through 190, beyond part 117. The department proposed to incorporate the entirety of 21 CFR 100-190, except parts 112 and 171. This ensures Colorado and facilities operating in Colorado are in alignment with current federal industry standards.

Part 112 and 171 are not incorporated because:

- 21 CFR 112 - *Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption*: 21 CFR 112 is implemented by the Colorado Department of Agriculture (CDA) through a cooperative agreement with FDA. CDA has full responsibility, authority, and accountability for the implementation of 21 CFR 112; and
- 21 CFR 171 - *Food Additive Petitions*: 21 CFR 171 regulates wholesale food producers who create food additives (i.e., preservatives) and seek FDA approval. Though the Department is authorized, pursuant to Section 25-5-413, C.R.S., to promulgate rules related to food additives when public health or other considerations so require. The Department has not been presented with circumstances that demonstrate a need for rules that elaborate upon statute. The statute is in alignment with the federal framework; thus, not incorporating this part of the federal regulations does not adversely impact wholesale food manufacturers or interstate commerce.

Wholesale food manufacturers who are also shellfish dealers must also comply with the U.S. Department of Health and Human Services, Public Health Service/Food and Drug Administration, *National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish Model Ordinance (2015 Revision, NSSP Shellfish Ordinance)*. This has been required since the Colorado Shellfish Dealer Certification Act was enacted in 1997. Inclusion of the shellfish dealer certification requirements provides clarity and ease of use for these facilities.

Due to the interstate nature of commerce for wholesale food from manufacturers and shellfish dealers, Colorado's businesses are currently subject to the federal wholesale food and shellfish dealer requirements proposed for incorporation. The proposed incorporation by reference of 21 CFR 100-190 (except for 112 and 171) and the NSSP Shellfish Ordinance continue public health protections while:

- providing alignment with current and nationally accepted federal standards for wholesale food manufacturers and wholesale food manufacturers who are also shellfish dealers;
- assuring that Colorado wholesale food manufacturers are permitted to ship their products in interstate commerce; and
- maintaining the efficiency and effectiveness of the rulemaking process and Department services.

In select instances where incorporated terminology is defined in both federal regulation and Colorado statute, the term shall have the meaning contained in the "Pure Food and Drug Law," part 4, article 5, title 25, C.R.S. and the "Shellfish Dealer Certification Act," part 18, article 4, title 25, C.R.S. This ensures the incorporation by reference aligns with state statute.

6 CCR 1010-21 continues to include:

- registration requirements for wholesale food manufacturers in accordance with Section 25-5-426, C.R.S.;
- certification requirements for wholesale food manufacturers who are also shellfish dealers in accordance with Section 25-4-1805, C.R.S.;
- embargo and enforcement standards for wholesale food manufacturers and wholesale food manufacturers who are also shellfish dealers pursuant to Sections 25-1.5-102(1)(c), 25-4-1810, 25-5-406, and 25-5-420, C.R.S.; and
- hearing requirements for cease-and-desist orders in conformance with provisions of article 4 of title 24, C.R.S.

Specific Statutory Authority.

Statutes that require or authorize rulemaking: Sections 25-1.5-102(1)(c), 25-4-1810, 25-5-406, 25-5-420, and 25-5-427, C.R.S.

Is this rulemaking due to a change in state statute?

Yes, the bill number is SB23-271. Rules are ___ authorized required.
 No

Does this rulemaking include proposed rule language that incorporates materials by reference?

Yes ___ URL https://ecfr.io/Title-21/
 No

Does this rulemaking include proposed rule language to create or modify fines or fees?

Yes
 No

Does the proposed rule language create (or increase) a state mandate on local government?

No.

- The proposed rule does not require a local government to perform or increase a specific activity for which the local government will not be reimbursed;
- The proposed rule requires a local government to perform or increase a specific activity because the local government has opted to perform an activity, or;
- The proposed rule reduces or eliminates a state mandate on local government.

Yes.

This rule includes a new state mandate or increases the level of service required to comply with an existing state mandate, and local government will not be reimbursed for the costs associated with the new mandate or increase in service.

The state mandate is categorized as:

- Necessitated by federal law, state law, or a court order
 Caused by the State's participation in an optional federal program
 Imposed by the sole discretion of a Department
 Other: _____
 (i.e. requested by local governments and consensus was achieved)

Has an elected official or other representatives of local governments disagreed with this categorization of the mandate? ___Yes ___No. If "yes," please explain why there is disagreement in the categorization.

REGULATORY ANALYSIS
for Amendments to
6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*

1. A description of the classes of persons affected by the proposed rule, including the classes that will bear the costs and the classes that will benefit from the proposed rule.

Group of persons/entities Affected by the Proposed Rule	Size of the Group	Relationship to the Proposed Rule Select category: C/CLG/S/B
Wholesale food manufacturers or storage facilities registered with the department.	~2100	C
Hemp product manufacturers, processors, transporters, or storage facilities.	~400	S
Medical and retail marijuana dispensaries	~700	S
Colorado Dept. of Public Health & Environment	~1,750	S
Marijuana Enforcement Division	~120	S
Colorado Department of Agriculture	~300	S
Colorado Bureau of Investigation	~300	S
Colorado State University	~1,900	S
Analytical Laboratories / LSD	~21	S
Retail food establishments	~23,000	S
Consulting/engineering firms	Unknown	S
Pharmaceutical companies	Unknown	S
Institutes, unions, associations, advocacy groups	Unknown	S
Legal firms	Unknown	S
Local county government	64	S
Financial institutions	Unknown	S
Tribal agencies	2	C/S
Hemp product consumers in Colorado	~1.5M	S/B
Hemp product consumers in US	~70M	S/B

While all are stakeholders, groups of persons/entities connect to the rule and the problem being solved by the rule in different ways. To better understand those different relationships, please use this relationship categorization key:

- C = individuals/entities that implement or apply the rule.
- S = individuals/entities that do not implement or apply the rule but are interested in others applying the rule.
- B = the individuals that are ultimately served, including the customers of our customers. These individuals may benefit, be harmed by or be at-risk because of the standard communicated in the rule or the manner in which the rule is implemented.

More than one category may be appropriate for some stakeholders.

2. To the extent practicable, a description of the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

At this time, there are no known or foreseen impacts or increases in cost to Colorado wholesale food manufacturers, storage facilities or wholesale food manufacturers who are also shellfish dealers. All Colorado wholesale food manufacturers, storage facilities and shellfish dealers are currently required to comply with the proposed regulation.

Economic outcomes

Summarize the financial costs and benefits, include a description of costs that must be incurred, costs that may be incurred, any Department measures taken to reduce or eliminate these costs, any financial benefits.

Please describe any anticipated financial costs or benefits to these individuals/entities.

- C: Continuation of 6 CCR 1010-21 allows Colorado's regulated wholesale food manufacturers, storage facilities, and shellfish dealers to continue to enter their products into interstate commerce.
- S: No anticipated financial costs or benefits were identified.
- B: No anticipated financial costs were identified.

Non-economic outcomes

Summarize the anticipated favorable and non-favorable non-economic outcomes (short-term and long-term), and, if known, the likelihood of the outcomes for each affected class of persons by the relationship category.

- C: Due to the interstate nature of commerce for wholesale food from manufacturers and shellfish dealers, Colorado's businesses are already subject to the federal wholesale food and shellfish dealer requirements proposed for incorporation. The proposed incorporation by reference of 21 CFR 100-190 (except for 112 and 171) and the NSSP Shellfish Ordinance continues public health protections while:
- providing clarification for consistent interpretation through alignment with current and nationally accepted federal standards for wholesale food manufacturers and wholesale food manufacturers who are also shellfish dealers;
 - maintaining the efficiency and effectiveness of the rulemaking process and Department services.
- S: Removal of regulatory requirements for hemp products from 6 CCR 1010-21, and placement of those requirements into a new regulations dedicated entirely to hemp products, will provide clarity and ease of use for wholesale food manufacturers, storage facilities and shellfish dealers. Establishment of a stand-alone regulation dedicated to hemp products will provide clarity and ease of use for the hemp industry.
- B: Consumers will benefit from continuing the current regulations by ensuring that food, dietary supplements, and shellfish manufactured, processed or stored in Colorado is unadulterated, safe, and honestly presented.

3. The probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

A. Anticipated CDPHE personal services, operating costs or other expenditures: None

Anticipated CDPHE Revenues: None. Registration fees for wholesale food manufacturers were established in statute in 2018 and revised in 2019 (25-5-426, C.R.S).

B. Anticipated personal services, operating costs or other expenditures by another state agency: None

Anticipated Revenues for another state agency: None

4. A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

Along with the costs and benefits discussed above, the proposed revisions:

- Comply with a statutory mandate to promulgate rules.
- Comply with federal or state statutory mandates, federal or state regulations, and department funding obligations.
- Maintain alignment with other states or national standards.
- Implement a Regulatory Efficiency Review (rule review) result
- Improve public and environmental health practice.
- Implement stakeholder feedback.

Advance the following CDPHE Strategic Plan priorities (select all that apply):

<p>1. Reduce Greenhouse Gas (GHG) emissions economy-wide from 125.716 million metric tons of CO₂e (carbon dioxide equivalent) per year to 119.430 million metric tons of CO₂e per year by June 30, 2020 and to 113.144 million metric tons of CO₂e by June 30, 2023.</p> <p><input type="checkbox"/> Contributes to the blueprint for pollution reduction</p> <p><input type="checkbox"/> Reduces carbon dioxide from transportation</p> <p><input type="checkbox"/> Reduces methane emissions from oil and gas industry</p> <p><input type="checkbox"/> Reduces carbon dioxide emissions from electricity sector</p>
<p>2. Reduce ozone from 83 parts per billion (ppb) to 80 ppb by June 30, 2020 and 75 ppb by June 30, 2023.</p> <p><input type="checkbox"/> Reduces volatile organic compounds (VOC) and oxides of nitrogen (NO_x) from the oil and gas industry.</p> <p><input type="checkbox"/> Supports local agencies and COGCC in oil and gas regulations.</p> <p><input type="checkbox"/> Reduces VOC and NO_x emissions from non-oil and gas contributors</p>
<p>3. Decrease the number of Colorado adults who have obesity by 2,838 by June 30, 2020 and by 12,207 by June 30, 2023.</p>

<ul style="list-style-type: none"> ___ Increases the consumption of healthy food and beverages through education, policy, practice and environmental changes. ___ Increases physical activity by promoting local and state policies to improve active transportation and access to recreation. ___ Increases the reach of the National Diabetes Prevention Program and Diabetes Self-Management Education and Support by collaborating with the Department of Health Care Policy and Financing.
<p>4. Decrease the number of Colorado children (age 2-4 years) who participate in the WIC Program and have obesity from 2120 to 2115 by June 30, 2020 and to 2100 by June 30, 2023.</p> <ul style="list-style-type: none"> ___ Ensures access to breastfeeding-friendly environments.
<p>5. Reverse the downward trend and increase the percent of kindergartners protected against measles, mumps and rubella (MMR) from 87.4% to 90% (1,669 more kids) by June 30, 2020 and increase to 95% by June 30, 2023.</p> <ul style="list-style-type: none"> ___ Reverses the downward trend and increase the percent of kindergartners protected against measles, mumps and rubella (MMR) from 87.4% to 90% (1,669 more kids) by June 30, 2020 and increase to 95% by June 30, 2023. ___ Performs targeted programming to increase immunization rates. ___ Supports legislation and policies that promote complete immunization and exemption data in the Colorado Immunization Information System (CIIS).
<p>6. Colorado will reduce the suicide death rate by 5% by June 30, 2020 and 15% by June 30, 2023.</p> <ul style="list-style-type: none"> ___ Creates a roadmap to address suicide in Colorado. ___ Improves youth connections to school, positive peers and caring adults, and promotes healthy behaviors and positive school climate. ___ Decreases stigma associated with mental health and suicide, and increases help-seeking behaviors among working-age males, particularly within high-risk industries. ___ Saves health care costs by reducing reliance on emergency departments and connects to responsive community-based resources.
<p>7. The Office of Emergency Preparedness and Response (OEPR) will identify 100% of jurisdictional gaps to inform the required work of the Operational Readiness Review by June 30, 2020.</p> <ul style="list-style-type: none"> ___ Conducts a gap assessment. ___ Updates existing plans to address identified gaps. ___ Develops and conducts various exercises to close gaps.
<p>8. For each identified threat, increase the competency rating from 0% to 54% for outbreak/incident investigation steps by June 30, 2020 and increase to 92% competency rating by June 30, 2023.</p> <ul style="list-style-type: none"> ___ Uses an assessment tool to measure competency for CDPHE's response to an outbreak or environmental incident.

<p><input type="checkbox"/> Works cross-departmentally to update and draft plans to address identified gaps noted in the assessment.</p> <p><input type="checkbox"/> Conducts exercises to measure and increase performance related to identified gaps in the outbreak or incident response plan.</p>
<p>9. 100% of new technology applications will be virtually available to customers, anytime and anywhere, by June 30, 2020 and 90 of the existing applications by June 30, 2023.</p> <p><input type="checkbox"/> Implements the CDPHE Digital Transformation Plan.</p> <p><input type="checkbox"/> Optimizes processes prior to digitizing them.</p> <p><input type="checkbox"/> Improves data dissemination and interoperability methods and timeliness.</p>
<p>10. Reduce CDPHE’s Scope 1 & 2 Greenhouse Gas emissions (GHG) from 6,561 metric tons (in FY2015) to 5,249 metric tons (20% reduction) by June 30, 2020 and 4,593 tons (30% reduction) by June 30, 2023.</p> <p><input type="checkbox"/> Reduces emissions from employee commuting</p> <p><input type="checkbox"/> Reduces emissions from CDPHE operations</p>
<p>11. Fully implement the roadmap to create and pilot using a budget equity assessment by June 30, 2020 and increase the percent of selected budgets using the equity assessment from 0% to 50% by June 30, 2023.</p> <p><input type="checkbox"/> Used a budget equity assessment</p>

Advances CDPHE Division-level strategic priorities.

The DEHS Workplan, within CDPHE’s Strategic Plan, identifies “Easily accessible and digestible information” as Priority #3. Separation of the hemp product regulations from the wholesale food manufacturer, storage facility and shellfish dealer regulations supports this priority.

The costs and benefits of the proposed rule will not be incurred if inaction was chosen. Costs and benefits of inaction not previously discussed include: NA

- 5. A determination of whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

Rulemaking is proposed when it is the least costly method or the only statutorily allowable method for achieving the purpose of the statute. The specific revisions proposed in this rulemaking were developed in conjunction with stakeholders. The benefits, risks and costs of these proposed revisions were compared to the costs and benefits of other options. The proposed revisions provide the most benefit for the least amount of cost, are the minimum necessary, or are the most feasible manner to achieve compliance with statute.

Maintaining the incorporation by reference and application of 21 C.F.R. 100-111, 113-170, and 172-190 (2017) achieves alignment with existing federal wholesale food regulations and continues levels of wholesale food sanitation practices currently in place. No less costly or intrusive method for achieving the purpose of this rule was identified. The department will update the incorporation by reference as needed to remain current.

6. Alternative Rules or Alternatives to Rulemaking Considered and Why Rejected.

No alternate rules or alternatives to the proposed rulemaking were considered. Current regulations incorporate by reference the 2017 base requirements of the federal wholesale food regulations and are necessary in achieving the safe production of food and dietary supplements.

SB23-271 codified significant changes and additions to the requirements placed on hemp products in Colorado, which have been historically regulated under 6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*. Regulation of hemp products has evolved to the point that a dedicated, stand-alone regulation is required for those products and thus the removal of requirements for hemp products from this regulation.

7. To the extent practicable, a quantification of the data used in the analysis; the analysis must take into account both short-term and long-term consequences.

Maintaining the incorporation by reference of current federal wholesale food regulation 21 C.F.R. 100-111, 113-170, and 172-190 (2017) will be a benefit to the department, the regulated community, and the public, both in the short-term and long-term.

STAKEHOLDER ENGAGEMENT
for Amendments to
6 CCR 1010-21, *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations*

State law requires agencies to establish a representative group of participants when considering to adopt or modify new and existing rules. This is commonly referred to as a stakeholder group.

Early Stakeholder Engagement:

The following individuals and/or entities were invited to provide input and included in the development of these proposed rules:

Organization	Representative Name and Title (if known)
1010 Inc	Andre Esprenger
105 West Brewing Co.	
10th Mountain Whiskey and Spirit Co, LLC	
1Herbs	Crystal Combs
271 Lake Davis Holding	
3 Hundred Days Distilling	
3 Wire Bar & Grill	
300 Suns Brewing	
3rd Bird Kombucha	
3T Trading Company	Christie Adams
4 Corners Cannabis	
4 Noses Brewing	
43 CBD	
477 Distilling	Trista Estrin
5 Logistics	Rob Tracy
5280 Nano Technologies LLC	
5280 Produce, Inc	
5280 Salsa	
5280 Supplement Manufacturing Company LLC

On June 28, 2023, the division initiated stakeholder outreach communications and solicited contributions to proposed revisions. On July 12, 2023, the division held a stakeholder meeting to evaluate the proposed changes to the existing rule and receive additional feedback from stakeholders. Consensus on the proposed regulation, including the continued incorporation by reference of the applicable portion of 21 CFR 100-190 and the NSSP Shellfish Ordinance, was achieved. All documents associated with stakeholder engagement were made available on the department’s web site.

Stakeholder Group Notification

The stakeholder group was provided notice of the rulemaking hearing and provided a copy of the proposed rules and the internet location where the amended regulations and associated documents and resources could be viewed. Notice was provided prior to the date the notice of rulemaking was published in the Colorado Register (typically, the 10th of the month following the Request for Rulemaking).

- Not applicable. This is a Request for Rulemaking Packet. Notification will occur if the Board of Health sets this matter for rulemaking
- Yes.

Summarize Major Factual and Policy Issues Encountered and the Stakeholder Feedback Received. If there is a lack of consensus regarding the proposed rule, please also identify the Department’s efforts to address stakeholder feedback or why the Department was unable to accommodate the request.

On July 12, 2023, the division held a stakeholder meeting to evaluate the proposed changes to the existing rule. Since the current *Colorado Wholesale Food, Industrial Hemp and Shellfish Regulations* are recognized and understood by the involved and effected stakeholders and reflect current federal rules, there were no significant factual or policy issues encountered. Consensus on the proposed regulation, including the continued incorporation by reference of the applicable portion of 21 CFR 100-190 and the NSSP Shellfish Ordinance, was achieved.

Please identify the determinants of health or other health equity and environmental justice considerations, values or outcomes related to this rulemaking.

The incorporation by reference of the applicable portion of 21 CFR 100-190 and the NSSP Shellfish Ordinance will continue to safeguard public health and ensure that all locations in Colorado where foods are manufactured, packed, processed, prepared, treated, packaged, transported, or held for distribution are in accordance with the “Pure Food and Drug Law”, Section 25-5-401 et seq., C.R.S. and the “Shellfish Dealer Certification Act,” Section 25-4-1801 et seq., C.R.S., regardless of race, color, national origin, or income. The revised and proposed regulation will continue to assure uniformity and effectiveness in the implementation of wholesale food standards and promote the full health potential of all Coloradans.

Overall, after considering the benefits, risks and costs, the proposed rule:

Select all that apply.

	Improves behavioral health and mental health; or, reduces substance abuse or suicide risk.		Reduces or eliminates health care costs, improves access to health care or the system of care; stabilizes individual participation; or, improves the quality of care for unserved or underserved populations.
	Improves housing, land use, neighborhoods, local infrastructure, community services, built environment, safe physical spaces or transportation.		Reduces occupational hazards; improves an individual’s ability to secure or maintain employment; or, increases stability in an employer’s workforce.
X	Improves access to food and healthy food options.	X	Reduces exposure to toxins, pollutants, contaminants or hazardous substances; or ensures the safe application of radioactive material or chemicals.
X	Improves access to public and environmental health information; improves the readability of the rule; or, increases the shared understanding of roles and responsibilities, or what occurs under a rule.		Supports community partnerships; community planning efforts; community needs for data to inform decisions; community needs to evaluate the effectiveness of its efforts and outcomes.
	Increases a child’s ability to participate in early education and educational opportunities through prevention efforts that increase protective factors and decrease risk factors, or stabilizes individual participation in the opportunity.		Considers the value of different lived experiences and the increased opportunity to be effective when services are culturally responsive.
	Monitors, diagnoses and investigates health problems, and health or environmental hazards in the community.		Ensures a competent public and environmental health workforce or health care workforce.

COLORADO DEPARTMENT OF PUBLIC HEALTH AND ENVIRONMENT

Division of Environmental Health and Sustainability

COLORADO WHOLESALE FOOD ~~INDUSTRIAL HEMP~~, AND SHELLFISH REGULATIONS

6 CCR 1010-21

Adopted by the Board of Health on ~~February 17, 2021~~ _____; effective, ~~April 14, 2021~~ _____.

21.1 Authority

This regulation is adopted pursuant to Sections 25-4-1805, 25-5-420(1), and 25-5-426(1), Colorado Revised Statute (C.R.S.) and is consistent with the requirements of the State Administrative Procedure Act, Section 24-4-101, *et seq.*, C.R.S.

21.2 Scope and Purpose

- A. This regulation shall be applied for the protection of public health by ensuring that the premises or places wherein manufactured foods ~~and industrial hemp products~~ are produced, manufactured, packed, processed, prepared, treated, packaged, transported, or held for distribution are in accordance with the “Pure Food and Drug Law”, Section 25-5-401 *et seq.*, C.R.S. and the “Shellfish Dealer Certification Act,” Section 25-4-1801 *et seq.*, C.R.S.
- B. This regulation shall govern the registration of wholesale food manufacturers. Along with the powers and duties delineated in Section 25-~~45~~-420 *et seq.*, C.R.S., Section 25-5-426(3), C.R.S., provides the department the power and duty:
1. To grant or refuse to grant registration pursuant to Section 25-5-426(4), C.R.S. and to grant or refuse to grant the annual renewal of a registration;
 2. To deny, suspend, or revoke a registration;
 3. To issue a certificate of free sale; and
 4. To review any records of a wholesale food manufacturer or storage facility necessary to verify compliance with the provisions of Section 25-5-426, C.R.S.
- C. This regulation does not apply to:
1. Retail food establishments governed by the *Colorado Retail Food Establishment Regulations*, 6 CCR 1010-2;
 2. Facilities or conditions governed by the *Colorado Milk and Dairy Products Regulations*, 6 CCR 1010-4;
 3. ~~Entities engaged in the business of possessing, cultivating, dispensing, transferring, transporting, or testing Medical Marijuana or Retail Marijuana governed by the *Colorado Marijuana Rules*, 1 CCR 212-3;~~

- ~~4. The cultivation of industrial hemp governed by the *Rules Pertaining to the Administration and Enforcement of the Industrial Hemp Regulatory Program Act*, 8 CCR 1203-23;~~
 - ~~5. Entities that are manufacturing intermediate or finished hemp products from the fibrous material of the plant that are not intended for human consumption. These products include, but are not limited to, cordage, paper, fuel, textiles, bedding, insulation, construction materials, compost materials, and industrial materials;~~
 - ~~6. Entities that are manufacturing industrial hemp derived smokable products, inhalable products, over the counter drugs, drugs, or medical devices; and~~
 - ~~7. Testing performed by a certified laboratory in accordance with the *Hemp Testing Laboratory Certification*, 5 CCR 1005-5.~~
 3. Hemp manufacturers or storage facilities, hemp products, or safe harbor hemp products as defined and regulated under authority established in 25-5-427, C.R.S.
- D. Nothing in this rule shall be construed to limit the department's statutory authority under the "Pure Food and Drug Law", Section 25-5-401 et seq., C.R.S., the "Shellfish Dealer Certification Act," Section 25-4-1801 et seq., C.R.S., or Section 25-1.5-102, C.R.S.

21.3 Applicability

- A. This rule establishes registration requirements for wholesale food ~~and industrial hemp product~~ manufacturers, Section 25-5-426, C.R.S., and certification requirements for wholesale food manufacturers who are also shellfish dealers, Section 25-4-1801 et seq., C.R.S.
- ~~1. This regulation establishes the allowance that industrial hemp manufacturers [as defined in 21.4(A)(16)] shall adhere to for the production of industrial hemp products and unfinished industrial hemp products in the State of Colorado.~~
 - ~~2. These regulatory requirements do not infer conformance with federal laws and the allowance for manufacturing, sale, and distribution of industrial hemp products and unfinished industrial hemp products to other states or countries.~~
- B. This rule incorporates by reference the Code of Federal Regulations addressing Food for Human Consumption and the national shellfish sanitation standards.
- C. Pursuant to Section 21.6, this rule incorporates by reference 21 Code of Federal Regulations (C.F.R.) 100-111, 113-170, and 172-190 (April 1, 2017).
- D. This rule establishes enforcement standards for wholesale food manufacturers pursuant to Sections 25-1.5-102(1)(c), 25-5-406 and 25-5-420, C.R.S., and enforcement standards for wholesale food manufacturers who are also shellfish dealers pursuant to Section 25-4-1810, C.R.S.

21.4 Definitions

A. For the purpose of these rules and regulations, unless otherwise specified herein:

1. Approved Source means:

~~a. A a product from a wholesale food manufacturer, industrial hemp manufacturer, or a storage facility registered with the department in accordance with Section 25-5-426, C.R.S., or~~

~~b. Generally Recognized As Safe (GRAS), or~~

~~c. Hemp seed, hemp seed co-products, or hemp seed by products, or~~

~~d. Industrial hemp or hemp products from a state that has an established and approved industrial hemp program, or~~

~~e. Industrial hemp or hemp products from a country that inspects or regulates hemp under a food safety program or equivalent criteria to ensure safety for human consumption.~~

~~2. Broad spectrum means industrial hemp products that contain multiple cannabinoids and no more than 0.01% total THC.~~

~~3. Cannabinoids means a class of lipophilic molecules that are naturally occurring in industrial hemp.~~

~~4. Certified laboratory means a public or private laboratory or testing facility certified by the department to perform testing on industrial hemp and industrial hemp products or a testing facility licensed by the Marijuana Enforcement Division.~~

~~5. Certificate of Analysis means an official document issued by a certified laboratory or testing facility that shows results of scientific tests performed on a product.~~

~~6. Cosmetics means articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance or an article intended for use as a component of any such articles; except that such term does not include soap.~~

~~7. 2. Dealer or Shellfish Dealer means a person to whom certification is issued for the activities of shell stock shipper, shucker-packer, repacker, reshipper, depuration processor, or wet storage.~~

~~8. Delta-9 tetrahydrocannabinols (THC) or delta-9 THC has the same meaning as "tetrahydrocannabinols" as set forth in Section 27-80-203 (24), C.R.S. Delta-9 THC is the primary psychoactive component of cannabis. For the purposes of these regulations, the terms "Delta-9 THC" and "THC" are interchangeable.~~

~~9. Department means the Colorado Department of Public Health and Environment.~~

10. ~~Dietary supplement means a product taken by mouth that contains a dietary ingredient or a new dietary ingredient intended to supplement the diet.~~
11. ~~Full spectrum means an industrial hemp product that contains all phytochemicals naturally found in the plant, trace cannabinoids, terpenes, and essential oils, with no more than 0.3% total THC.~~
12. ~~Generally Recognized As Safe (GRAS) means any substance that is intentionally added to food which is a food additive, that is subject to premarket review by FDA, unless the substance is generally recognized, among qualified experts, as having been adequately shown to be safe under the conditions of its intended use, or unless the use of the substance is otherwise excepted from the definitions of food additive.~~
13. ~~Herb means any plant with leaves, seeds, or flowers used as a flavoring, food, food additive, or dietary supplement ingredient.~~
14. ~~Industrial hemp or hemp means the plant Cannabis sativa L. and any part of the plant, including the seeds, all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a Delta-9 tetrahydrocannabinol concentration of no more than 0.3% on a dry weight basis.~~
15. ~~Industrial hemp extract means an unfinished industrial hemp product or industrial hemp product produced through a solvent or non-solvent based industrial hemp manufacturing process, including but not limited to oils, distillates, resins, and isolates.~~
16. ~~Industrial hemp manufacturer means a facility that manufactures, produces, packs, processes (extracts), treats, packages, or holds/warehouses industrial hemp products and unfinished industrial hemp products.~~
17. ~~Industrial hemp product means finished products containing industrial hemp that is for human use or consumption and:~~
 - a. ~~Is a cosmetic as defined in 25-5-402(6) C.R.S.; or~~
 - b. ~~Is a dietary supplement as defined in 25-5-426(2)(b) C.R.S.; or~~
 - c. ~~Is a food as defined in 25-5-402(11) C.R.S.;~~
 - d. ~~Is a food additive as defined in 25-5-402(12) C.R.S.;~~
 - e. ~~Contains any part of the hemp plant, including naturally occurring cannabinoids, compounds, concentrates, extracts, isolates, resins, or derivatives;~~
 - f. ~~Contains a Delta-9 THC concentration of no more than 0.3%, and~~
 - g. ~~Is not a drug as defined in 25-5-402(9) C.R.S.~~

- ~~18. Labeling means a display of written, printed, or graphic matter upon a food, food ingredient container, or package and includes product inserts, and other promotional materials including digital communications.~~
- ~~19. Law means applicable local, state, and federal statutes, regulations and ordinances.~~
- ~~20. Packaging means any type of container, wrapping, or other type of vessel intended to protect both food or dietary supplements from damage, contamination, spoilage, pest attacks, and tampering, during transport, storage, and sale.~~
- ~~21. THC means tetrahydrocannabinol.~~
- ~~22. THCA means tetrahydrocannabinolic acid.~~
- ~~23. Total THC means the sum of the percentage by weight of THCA multiplied by 0.877 plus the percentage by weight of THC [i.e., (% THCA x 0.877) + % THC].~~
- ~~24. Unfinished industrial hemp product means an oil, concentrate or other substance that has a total THC concentration above 0.3% and less than or equal to 5.0%, is not for consumer use or distribution, must be sold or transferred between registered industrial hemp manufacturers, or certified laboratories, and will undergo further refinement or processing into an industrial hemp product.~~
- 25: 3. Wholesale food manufacturer means a facility that manufactures, produces, packs, processes, treats, packages, transports, or holds human food, including dietary supplements. These terms include storage facilities. These terms include shellfish dealers when the wholesale food manufacturer is also a shellfish dealer.**

21.5 Wholesale Food Manufacturer and Shellfish Dealer Requirements

- A. Wholesale food manufacturing facilities in Colorado must be registered in accordance with Section 25-5-426(4), C.R.S.
1. The owner of any wholesale food manufacturer must submit to the department an application each year for registration, along with applicable application and registration fees, using forms provided by the department.
 2. The owner of any wholesale food manufacturer must also submit to the department complete and accurate information about the facility's operation and business size, using forms provided by the department.
- B. Wholesale food manufacturers who are also shellfish dealers in Colorado must also be certified in accordance with Section 25-4-1805, C.R.S.
1. Any person desiring to do business as a shellfish dealer must apply for and obtain a valid certification issued by the department.

2. Shellfish dealers must report to the department, in the form and manner required by the department, any change in the information provided in the dealer's application or in such reports previously submitted, within thirty days of such change.

21.6 Incorporation by Reference

- A. The department shall utilize material incorporated by reference as appropriate to assure that wholesale food manufacturers comply with the "Pure Food and Drug Law", and wholesale food manufacturers who are also shellfish dealers comply with the "Shellfish Dealer Certification Act."
 1. 21 C.F.R. 100-190 (April 1, 2017) is hereby incorporated by reference into this rule. Such incorporation, however, excludes later amendments to or editions of the reference material.
 2. U.S. Department of Health and Human Services, Public Health Service/Food and Drug Administration, *National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish Model Ordinance (2015 Revision)* is hereby incorporated by reference into this rule. Such incorporation, however, excludes later amendments to or editions of the reference material.
- B. Any provision included or incorporated herein by reference which conflicts with the Colorado Revised Statutes, including but not limited to Section 25-5-401 et seq., C.R.S., Section 25-4-1801 et seq., C.R.S., and Section 25-1.5-102, C.R.S., shall be null and void. These regulations do not incorporate by reference:
 1. 21 C.F.R. 112, *Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption*.
 2. 21 C.F.R. 171, *Food Additive Petitions*.
- C. The incorporated material is available for public inspection during regular business hours at:

Division of Environmental Health and Sustainability
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80246-1530

Pursuant to 24-4-103(12.5)(V)(b), C.R.S., the agency shall provide certified copies of the material incorporated at cost upon request or shall provide the requestor with information on how to obtain a certified copy of the material incorporated by reference from the agency of the United States, this state, another state, or the organization or association originally issuing the code, standard, guideline or rule.
- D. The incorporated materials are available at:

https://www.ecfr.gov/cgi-bin/text-idx?SID=2029b930ffb25f468e235e6ec9a86dea&mc=tue&tpl=/ecfrbrowse/Title21/21tab_02.tpl

~~21.7—Industrial Hemp Processing and Manufacturing Requirements~~

- A. ~~Oils, concentrates or other substances that are above 5.0% total THC must undergo further refinement or processing by the original registered industrial hemp manufacturer to meet the definition of a finished industrial hemp product or unfinished industrial hemp product.~~
- B. ~~Prior to manufacturing, packaging, or distributing an industrial hemp product or an unfinished industrial hemp product, a business shall:~~
- ~~1. Be registered with the department;~~
 - ~~2. Obtain any necessary local licenses, registrations, and approvals;~~
 - ~~3. Ensure all types of industrial hemp products and unfinished industrial hemp products, packaging, and labeling meet the requirements established within this regulation; and~~
 - ~~4. Have conspicuously posted all applicable documentation in accordance with the law.~~
- C. ~~Industrial hemp manufacturing facilities shall maintain physical and operational separation from any marijuana related facility, including separate entrances and exits.~~
- D. ~~All standard operating procedures and scheduled processes performed in the facility are limited to those approved by the appropriate regulatory authority.~~
- E. ~~Ingredients~~
- ~~1. All ingredients must come from an approved source;~~
 - ~~2. All industrial hemp ingredients or industrial hemp extract shall be clearly identified to allow for appropriate traceability. Identification includes:~~
 - ~~a. Name of ingredient;~~
 - ~~b. Identifying batch or lot number from original package;~~
 - ~~c. Date the ingredient was manufactured;~~
 - ~~d. Date the ingredient was received at the facility; and~~
 - ~~e. Expiration, re-test, or use-by date.~~
 - ~~3. Spoiled, unwholesome, adulterated, vermin infested or insect infested ingredients are not allowed into the facility and shall be:~~
 - ~~a. Removed immediately from the premises and properly disposed; or~~
 - ~~b. Placed in a quarantine area temporarily until proper disposal if:~~
 - ~~(1) Not practicable to remove immediately; or~~

- (2) ~~Required to be collected by a local or state regulatory agency for examination or testing.~~

F. ~~Testing~~

1. ~~Effective July 1, 2021, analytical testing shall be performed by a certified laboratory in accordance with the department's State Public Health Laboratory, Disease Control and Public Health Response Division's, *Hemp Testing Laboratory Certification*, 5 CCR 1005-5.~~
2. ~~In order for a food, food additive, dietary supplement, or cosmetic to contain industrial hemp, the manufacturer shall be able to demonstrate the following purity and potency:~~
 - a. ~~The use of parts of the industrial hemp plant, other than seed and its derivatives (e.g., hulled hemp seed, hemp seed protein powder, hemp seed oil) shall have laboratory test results indicating conforming levels of THC and total THC.~~
 - b. ~~The manufacturer shall document that the industrial hemp product does not contain more than 0.3% total THC.~~
3. ~~Additional Testing Standards: Industrial hemp manufacturers are responsible for ensuring testing requirements listed in subparagraphs 21.7(F)(5)(a-e) are met and maintaining certificates of analysis on any regulated industrial hemp products they produce or transfer to ensure safety on all lots or batches for human consumption. The testing requirements contained in this regulation are the minimum required and approved testing standards.~~
4. ~~All certificates of analysis provided as documentation of conformance with the established testing requirements shall be furnished from a certified industrial hemp testing laboratory or a licensed retail marijuana testing laboratory.~~
 - a. ~~Any exceedance of the contaminant action limits presented in section 21.7(F)(5)(a-e) shall be reported to the department by the industrial hemp manufacturer within 48 hours of receipt of the analytical testing results.~~
5. ~~Permissible Levels of Contaminants: If an industrial hemp product is found to have a contaminant in levels exceeding those established as permissible under this regulation, then it shall be considered to have failed contaminant testing. Notwithstanding the permissible levels established in this regulation, the department reserves the right to determine, upon good cause and reasonable grounds that a particular product presents a risk to public health or safety and therefore shall be considered to have failed a contaminant test.~~

a. ~~Microbials (Bacteria and Fungus)~~

Substance	Action Limits Per gram (g), unless otherwise indicated
Salmonella spp.	Absent in 25 g
Shiga toxin-producing Escherichia coli (STEC) Bacteria	Absent in 25 g
Total coliforms	$<10^2$ cfu/g
Total aerobic plate count	$<10^4$ cfu/g
Total yeast and mold	$<10^3$ cfu/g

b. ~~Mycotoxins~~

Substance	Action Limits Parts per billion (ppb)
Aflatoxins (B1, B2, G1, and G2)	<20 (total of B1 + B2 + G1 + G2)
Aflatoxin B1	<5
Ochratoxin	<5

c. ~~Pesticides~~

~~The following pesticides are not allowed in finished hemp products or unfinished hemp products. The following table establishes the Limits of Quantification (LOQ) for laboratory verification.~~

Substance (pesticides)	Limits of Quantification Parts per million (ppm)	
	Product Type	
	Dried Hemp	Industrial Hemp Extract
Abamectin	0.1	0.25

Isopropyl Alcohol	<1,000
Methanol	<600
Pentane	<1,000
Propane	<1,000
Toluene*	<180
Total Xylenes (m, p, o-xylenes)*	<430
Any other solvent not permitted for use	None detected

* Note: These solvents are not approved for use. Due to their possible presence in the solvents approved for use, limits have been listed here accordingly.

G. Packaging and Labeling Requirements

1. ~~Effective July 1, 2021, packaging and labeling shall be performed in accordance with the department's labeling requirements for industrial hemp food and dietary supplement products listed in sections 21.7(G)(2-6).~~
2. ~~Product packaging shall be food grade or GRAS and labeling shall be performed in accordance with 21 C.F.R. 101, subparts A-G and the department's labeling requirements for hemp food products, which includes:~~
 - a. ~~Product Identity Statement (in bold type) which indicates the common or usual name of the food ingredient;~~
 - b. ~~Identify in milligrams the total THC content per serving and total THC content per individual finished product package;~~
 - c. ~~Manufacturing address or a qualifying phrase which states the firm's relation to the product (e.g., "manufactured for" or "distributed by");~~
 - d. ~~Net Weight Statement placed as a distinct item parallel to the base of the package in the bottom third of the principal display panel; and~~
 - e. ~~List of ingredients, in descending order of predominance by weight:~~
 - (1) ~~Identify industrial hemp as an ingredient; and~~
 - (2) ~~Identify each isolated cannabinoid as an ingredient and the amount labeled in milligrams or when using a broad or full spectrum product, label the total amount in milligrams.~~
3. ~~Allergens shall be clearly identified and listed separately.~~
4. ~~A code or numbering system that identifies the date and location of manufacturing and packaging is required for tracking and assisting in recalls or trace forward/trace back efforts.~~
5. ~~Health claims for hemp or hemp derived ingredients must be qualified and must follow Federal Trade Commission (FTC) and FDA regulations and guidance, including marketing materials and electronic communications. A manufacturer, distributor, or seller of an industrial hemp product shall not include on the label of the product, or publish or disseminate in marketing or electronic communications, any claims that the industrial hemp product can, or is intended to, diagnose, cure, mitigate, treat, or prevent disease.~~
6. ~~The label of a cosmetic product shall bear a warning statement whenever necessary or appropriate to prevent a health hazard that may be associated with the product. This applies to qualified claims on products as well as ingredients, aerosol products, deodorant products, foaming detergent bath products, coal tar hair dyes, sun-tanning and sunscreen products. Cosmetic packaging must be suitable for the intended purpose. Additional cosmetic labeling requirements are listed in 21 C.F.R. 701, subparts A-C, incorporated by reference pursuant to section 21.6.~~

H. Record Keeping

1. ~~For all facilities, the following records shall be maintained, as required herein:~~
 - a. ~~Certificates of analysis;~~
 - b. ~~Batch production records;~~
 - c. ~~Recalled product information;~~
 - d. ~~Source of ingredients; and~~
 - e. ~~Other records as required by the department (e.g., ingredient records, corrective action logs, mock recall documents, calibration records, as applicable);~~

2. ~~For all facilities, records shall:~~
 - a. ~~Be kept as original records, true copies (such as photocopies, pictures, scanned copies, microfilm, microfiche, or other accurate reproductions of the original record(s), or electronic records;~~
 - b. ~~Contain the actual values and observations obtained during monitoring and, as appropriate, during verification activities;~~
 - c. ~~Be accurate, indelible, and legible;~~
 - d. ~~Be created concurrently with performance of the activity documented;~~
 - e. ~~Be as detailed as necessary to provide history of work performed; and include:~~
 - (1) ~~Information adequate to identify the plant or facility (e.g., the name and, when necessary, location of the plant or facility);~~
 - (2) ~~The date and time of the activity documented, when appropriate;~~
 - (3) ~~The signature or initials of the person performing the activity; and~~
 - (4) ~~The identity of the product and the lot code, when appropriate.~~

3. ~~Record retention for all food, food additive, and cosmetic manufacturing facilities:~~
 - a. ~~Records shall be retained at the plant or facility for at least 2 years after the date they were prepared.~~

4. ~~Record retention for dietary supplement facilities:~~

- a. ~~Records shall be kept for one year past the shelf life date, if the shelf life dating is used, or two years beyond the date of distribution of the last batch of dietary supplements associated with those records.~~

I. ~~Recalls~~

1. ~~Industrial hemp product processing and manufacturing facilities shall establish a written recall plan in accordance with 21 C.F.R. 117.139, *Recall Plan*, that includes procedures that describe the steps to be taken, and assign responsibility for taking those steps, to perform the following actions as appropriate to the facility:~~

- a. ~~Directly notify the direct consignees of the food being recalled, including how to return or dispose of the affected product;~~
- b. ~~Notify the public about any hazard presented by the product when appropriate to protect public health;~~
- c. ~~Conduct effectiveness checks to verify that the recall is carried out; and~~
- d. ~~Appropriately dispose of recalled product (e.g., through reprocessing or reworking as appropriate, or diverting to a use that does not present a safety concern, or destroying the product).~~

J. ~~Transportation~~

1. ~~Transfer of industrial hemp or unfinished industrial hemp product shall be conducted in accordance with the law.~~
2. ~~Industrial hemp, unfinished industrial hemp products, and industrial hemp products shall be transported in a manner where they will be protected from adulteration, allergen cross-contact, environmental contamination and any other hazards.~~

K. ~~Waste Management~~

1. ~~Industrial hemp derived THC shall be diluted to a concentration less than 0.3%, converted, or disposed of in accordance with the department's Hazardous and Waste Management Division's *Marijuana and Marijuana-Related Waste Disposal Compliance Bulletin*.~~
2. ~~Facility owner/operator is responsible to secure and limit access to industrial hemp derived THC with a concentration greater than 0.3%.~~

21.87 Enforcement

- A. 1. Wholesale food manufacturers that fail to submit a complete and accurate annual application for registration, or fail to remit fees in accordance with Section 25-5-426(4), C.R.S., are not considered an approved source for introduction of manufactured food into retail commerce.

2. Wholesale food manufacturers who are also shellfish dealers that fail to submit a complete and accurate annual application for certification are not considered an approved source for introduction of shellfish into retail commerce.
- B. Adulterated or misbranded food, including food from unapproved sources, may be embargoed in accordance with Section 25-5-406, C.R.S.
 - C. In accordance with Section 25-1.5-102(1)(c), C.R.S., the department may require wholesale food manufacturers, including wholesale food manufacturers who are also shellfish dealers, to recall adulterated or misbranded food in order to investigate and control the causes of epidemic and communicable diseases affecting public health.
 - D. Pursuant to Sections 25-4-1810 and 25-5-420, C.R.S., if the department has reasonable cause to believe a violation of this regulation has occurred and immediate enforcement is necessary, it may issue a cease-and-desist order, which shall set forth the provisions alleged to have been violated, the facts constituting the violation, and the requirement that all violating actions immediately cease.
 1. At any time after service of the order to cease and desist by certified mail, the person for whom such order was served may request a hearing to determine whether such violation has occurred. Such hearing will be conducted in conformance with the provisions of article 4 of title 24, C.R.S. and shall be determined promptly.
 - E. To the extent and manner authorized by law, the department may issue letters of admonition or may deny, suspend, refuse to renew, restrict, or revoke any wholesale food manufacturer registration or any shellfish dealer certification if the wholesale food manufacturer or wholesale food manufacturer who is also a shellfish dealer has:
 1. Refused or failed to comply with any provision of this regulation or any lawful order of the department;
 2. Had an equivalent certification or registration denied, revoked, or suspended by another authority, including but not limited to another state, or the U.S. Food and Drug Administration;
 3. Refused to provide the department with reasonable, complete, and accurate information when requested by the department; or
 4. Falsified any information submitted to the department.
 - F. In addition to the requirements herein, when the department determines that a wholesale food manufacturer who is also a shellfish dealer's activity constitutes a major public health threat, the department shall cooperate with other authorities pursuant to Section 25-4-1805(5), C.R.S.
