

# Help Combat Disinformation

Opinions Are Fun. Facts Are Better.

## 1. Be Aware

Disinformation is being spread to decrease confidence in elections.

## 2. Think Before You Link

Don't spread disinformation. Verify sources and check the accuracy of the information before sharing.

## 3. Use Trusted Sources

For accurate election information, use trusted sources including your County Clerk or [www.GoVoteColorado.gov](http://www.GoVoteColorado.gov).

This social media account has some interesting and funny memes about the election.

But is it accurate and from a trustworthy source?

Colorado  
Secretary of State
