

STATEMENT OF SUFFICIENCY  
Proposed Initiative 2013-2014 #48

August 20, 2014

On August 4, 2014, the proponents and designated representatives of Proposed Initiative 2013-2014 #48, "Labeling Genetically Modified Food," submitted 171,387 petition signatures to the Secretary of State. After reviewing a five-percent random sample of the submitted signatures, the Secretary of State projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

**Random sample verification summary:**

Total number of qualified signatures submitted	171,387
5% of qualified signatures submitted (random sample)	8,569
Total number of entries accepted (valid) from the random sample	6,245
Total number of entries rejected (invalid) from the random sample	2,324
Number of projected valid signatures from the random sample	124,905
Total number of signatures required for placement on ballot	86,105
Projected percentage of required valid signatures	<b>145.06%</b>

Because the random sample verification established that the projected number of valid signatures totals 145.06 percent of the amount required for placement on the ballot, Proposed Initiative 2013-2014 #48 is sufficient and will be certified to the 2014 general election ballot.

Dated August 20, 2014.
