Original no changes made

Be it Enacted by the People of the State of Colorado:

Shall Hillary Rodham Clinton be impeached, should she become president of the United States, for her authorizing the U.S. military, based on her "explicit assurances from the highest levels of government"¹ to them, to use a "Superman" camera called Advanced Synthetic Aperture Radar or Millimeter Wavelength Radar that can take pictures through the roof of our bedrooms and bathrooms, against Colorado homes in April of 1997, as revenge for her husband cheating on her, through an amendment to the Colorado Constitution?
