The Proponents of Proposed Initiative for 2009-2010 # 96 ("Renewable Energy Standards"), through their undersigned counsel, respectfully submit this Motion for Rehearing, pursuant to C.R.S. §1-40-107(1), concerning the title and ballot title and submission clause set for this initiative at the Title Board hearing on April 21, 2010.

An amendment to the Colorado Revised Statutes concerning the ability of cities and counties to demand that they be ~~made subject to covered by~~ statutory renewable energy standards, and, in connection therewith, allowing a city or county to ~~subject its residents to be covered by~~ the specified standards; requiring a utility serving the jurisdiction to submit a resource acquisition plan for the jurisdiction to comply with the specified standards; and directing the Colorado public utilities commission to approve a separate tariff for the jurisdiction and to maintain just, reasonable, and nondiscriminatory rates.

Respectfully submitted April 28, 2010.
