~~A FAIR INCOME TAX SYSTEM BE IT ENACTED BY THE PEOPLE OF THE STATE OF COLORADO~~
Be it Enacted by the People of the State of Colorado:

~~SECTION 1. The people of Colorado find that in order to make Colorado taxes fairer, all taxpayers should pay similar percentages of their income in taxes. The people further find that because some taxes, like sales taxes and property taxes, have a disproportional impact on lower income Coloradans, a graduated individual income tax system which taxes those who earn higher incomes at higher rates is needed as is an increase and extension in the earned income tax credit in order to make the tax system fairer. Section 20(8)(a) of Article X of the Constitution of the State of Colorado is amended to read:~~

(8) Revenue limits. (a) New or increased transfer tax rates on real property are prohibited. No new state real property tax or local district income tax shall be imposed. Neither an income tax rate increase nor a new state definition of taxable income shall apply before the next tax year. Any income tax law change after July 1, 1992 shall also require all taxable net income to be taxed at one rate, excluding refund tax credits or voter approved tax credits, with no added tax or surcharge.
