Proposed Constitutional Amendment for the State of Colorado
 To Establish a State-Owned Bank
 To be Numbered as Article X, Section 23

WHEREAS, since 1919 the People of North Dakota have owned and benefited from the successful operation of the Bank of North Dakota, the specific purpose of which has been to provide an in-state repository for the holding, management, and distribution of the fees and taxes collected from the operation of the government of North Dakota; and

WHEREAS, the Bank of North Dakota is limited in its scope and purpose to: make funds available for state, city, and county government operations, to benefit the People and communities of North Dakota, and to provide correspondent banking services for chartered members; and

WHEREAS, the People of North Dakota have significantly benefited from the Bank of North Dakota which has paid the state treasurer more than three hundred twenty-five (\$325,000,000) from bank profits over the past ten years; and

WHEREAS, the Bank of North Dakota is attributed with being the cause for the North Dakota economy topping the list of state economies year after year, and with being the only State that has had a continuous budget surplus since before the financial crisis of 2008; and while the rest of America has been enduring a recession, the state of North Dakota has enjoyed the largest budget surplus in its history; and

WHEREAS, the Bank of North Dakota is attributed with being the cause why in 2011 the People of North Dakota saw almost five hundred million (\$500,000,000) returned to them in income and property tax cuts and will enjoy a 30% decrease in tax liability when combining 2009-2011 tax cuts; and

WHEREAS, the Bank of North Dakota is attributed with being the cause why North Dakota has the lowest foreclosure rate, the lowest credit card default rate, and the lowest unemployment rate of any State (3.3%) in the nation; and

WHEREAS, banks in the state of Colorado are failing at a rate five times greater than banks in other parts of the United States; and

WHEREAS, small businesses in the state of Colorado have experienced great difficulties in obtaining necessary capital as a result of the recession that began in 2008 and which result from the monetary policies of the national banking system under the control of the Federal Reserve System; and

WHEREAS, the Bank of North Dakota consolidates the handling of all state funds, while in Colorado various economic development and home ownership programs have limited authority, which may be more efficient if consolidated within one agency;

Be it Enacted by the People of the State of Colorado:
