To Whom it May Concern:

Pursuant to CRS 1-40-107(1), this is a motion for rehearing on the ballot title and submission clauses for proposed initiatives 2013-14 #32, 33, 36, and 37 – Public School Funding. As proponents of these initiatives and registered electors in the state of Colorado, we believe the titles and submission clauses set by the Title Board at the April 17, 2013 hearing do not accurately reflect the true meaning and intent of the initiatives, insofar as Legislative Council subsequently revised its projections for the revenues that would result from passage of the initiatives.

We hereby request that our Motion for Rehearing be granted to address the issue of the revised Legislative Council forecasts or, alternatively, that the Title Board amend the titles *sua sponte* as follows:

Initiatives 2013-14 #32 and 33 Replace "\$1,940,000" with "\$880,000,000"

Initiatives 2013-14 #36 and 37 Replace "\$1,310,000" with "\$991,000,000"

Sincerely,
