Official Publication of the Abstract of Votes Cast for the Following Elections:  
2013 Odd-Year  
2014 Primary  
2014 General

Dear Colorado Voter,

My office is happy to present you with the biennial election abstract report. The following document contains the official statewide election results from 2013, the 2014 primary election, and the 2014 general election. You will also find information including voter turnout statistics and a directory of state and county elected officials. My office compiled the results and information from material submitted by Colorado's 64 county clerk and recorders.

In 2014, more than 2 million Colorado voters made their voices heard. Colorado once again was a national leader in voter turnout, ranking third in terms of turnout among the voting eligible population. The state also ranks fourth in terms of registration among eligible electors.

I hope you find this information useful and informative.

Sincerely,

A handwritten signature in blue ink that reads "Wayne W. Williams". The signature is written in a cursive style.

Wayne W. Williams  
Colorado Secretary of State

## **About the Format of this Abstract**

### **Results Contained in the Abstract**

This publication contains the official certified results for the 2013 Odd-Year, 2014 Primary, and 2014 General Elections for all candidates, judicial retention races, and ballot issues certified to the ballot by the Colorado Secretary of State's Office.

### **Major Changes to Colorado Elections Law**

Since the publication of the 2011-2012 Abstract, Colorado has begun mailing ballots to all active voters in the state. Prior to 2013, Colorado mailed ballots to voters upon request.

### **Results & Officer Information Reported by the Counties**

The election results and county officer information in this abstract were obtained from each of Colorado's 64 counties. The results in this abstract are more accurate than the compiled and totaled returns reported on the Secretary of State's website immediately after the election because they account for any miscalculations in the totals initially reported by each county.

### **Judicial Officer Information**

Judicial officer information, including dates of oath and terms of office, was provided by the Office of the State Court Administrator.

### **Registered Voters, Ballots Cast, & Turnout**

In the results section of this abstract, the column titled "Registered Voters" is the number of registered voters eligible to vote in each contest. The column titled "Ballots Cast" is the number of voters who cast a ballot in each contest. The column titled "Turnout %" reflects the percentage of registered voters who cast a ballot in each contest.

The county-level turnout, located at the back of the abstract, is provided using both active voters and registered voters. Colorado statute currently requires that county-level turnout be reported by registered voters. However, prior to 2011, statute required that turnout be reported by active voters. To allow comparison of turnout data throughout the years, we have chosen to provide the turnout data for both active and registered voters.
