

Kapton® Tape - 2 Mil, $\frac{3}{4}$ " x 36 yds

Maximum resistance to high temperatures.

- Recommended for masking circuit boards and splicing wires.
- Temperature range up to 500°F.
- Polyimide film with silicone adhesive for easy release.
- UL 510 flame retardant.

MODEL NO.	SIZE	FILM THICKNESS	TOTAL THICKNESS
S-17213	3/4" x 36 yds.	2 mil	3.5 mil

DIMENSIONS:

- Core: 3"
- Roll Diameter: 4"

PROPERTIES:

- Tensile Strength: 60 lbs/in
- Dielectric Strength: 13,000 V

SHELF LIFE:

- 1 year

TEMPERATURE:

- Performance: -100° to 500° F

COLOR:

- Transparent Amber

SPECIFICATIONS:

- Chemical/Heat/Puncture Resistance: Excellent
- Not low static.
- Not an ESD (Electrostatic Discharge) tape.

Unit Weight: 0.26 lbs.

Country of Origin: USA
