Definitions

• **Lobbying** is communicating directly (or indirectly), or soliciting others to communicate, with a covered official for the purpose of aiding in or influencing:

• The drafting, introduction, sponsorship, consideration, debate, amendment, passage, defeat, approval, or veto by any covered official on:

• Any bill, resolution, amendment, nomination, appointment, or report, or any rule, standard, or rate of any state agency having rule-making authority.

• **Whether or not in writing**, pending or proposed for consideration by:

• Either house or chamber of the General Assembly or committee thereof

• **Before, during, and after the General Assembly is in session**

Section 24-6-301(3.5), C.R.S.

3.5(c) "Lobbying" does not include communications made by a person in response to a statute, rule, regulation, or order requiring such a communication.

3.5(d) (I) "Lobbying" does not include communications by a person who appears before a committee of the general assembly or a rule-making board or commission solely as a result of an affirmative vote by the committee, board, or commission issuing a mandatory order or subpoena commanding that the person appear and testify, or making such a person a respondent in such a proceeding whether or not the person is reimbursed by the committee, board, or commission for expenses incurred in making such appearance.

(II) (Deleted by amendment, L. 2004, p. 431, Section 1, effective August 4, 2004.)

(III) (A) Legislative declaration. The general assembly hereby declares its support of the "Colorado Sunshine Act of 1972" and the open process that it has brought to the legislative process in Colorado. The general assembly's intent in enacting this subparagraph (III) is to achieve a more uniform application of the lobbying laws to witness testimony and to clarify the ability of the public to provide testimony to the general assembly and to state agencies.

(B) "Lobbying" excludes persons who are not otherwise registered as lobbyists and who limit their activities to appearances to give testimony or provide information to committees of the general assembly or at public hearings of state agencies or who give testimony or provide information at the request of public officials or employees and who clearly identify themselves and the interest for whom they are testifying or providing information.

3.5(e) "Lobbying" does not include communications made by an attorney-at-law when such communications are made on behalf of a client whose name has been identified and when such communications constitute the practice of law subject to control by the judicial branch of the state of Colorado.

3.5(f) "Lobbying" does not include duties performed by employees of the legislative department.

- **A professional lobbyist** is a person, business entity, including a sole proprietorship, or an employee of a client, who is **compensated by a client or another professional lobbyist** for lobbying.
- **A firm** is a person or entity that employs one or more professional lobbyists to **lobby on behalf of a client that is not the person or entity** (24-6-301(3.6), C.R.S.)
- **A person** is an individual, LLC, partnership, committee, association, corporation or any other organization or groups of “persons”. Art XXIX, Sec. 2 (4)
- A **covered official can be** the governor, the lieutenant governor, a member of the general assembly, or the director of research of the legislative council of the general assembly or any member of legislative council staff; or a member of a rule-making board or commission or a rule-making official of a state agency which has jurisdiction over the subject matter of a rule, standard, or rate. (24-6-301(1.7), C.R.S.)

24-6-301(3.6) Lobbying Firm

means a person or entity employing one or more professional lobbyists to lobby on behalf of a client that is not the person or entity. "Lobbying firm" includes a self-employed professional lobbyist.

(3.7) Lobbyist

means either a professional or a volunteer lobbyist.

24-6-301(6) Professional lobbyist

means a person, business entity, including a sole proprietorship, or an employee of a client, **who is compensated by a client or another professional lobbyist for lobbying.** "Professional lobbyist" does not include any volunteer lobbyist, any state official or employee acting in his official capacity, except as provided in section 24-6-303.5, any elected public official acting in his official capacity, or any individual who appears as counsel or advisor in an adjudicatory proceeding.

24-6-301(7) Volunteer lobbyist

means any individual who engages in lobbying and whose only receipt of money or other thing of value consists of nothing more than reimbursement for actual and reasonable expenses incurred for personal needs, such as meals, travel, lodging, and parking, while engaged in lobbying or for actual expenses incurred in informing the organization making the reimbursement or the members thereof of his lobbying.

24-6-301(1.3) Communication

includes but is not limited to a transmittal of information, data, ideas, opinions, or anything of a similar nature, either oral, written, or by any other means, to a covered official.

24-6-301(4) Person

means an individual, limited liability company, partnership, committee, association, corporation, or any other organization or group of persons.

24-6-301(1) Client

means the person who employs or retains the professional services of one or more lobbyists to undertake lobbying on behalf of that person.

24-6-301(1.7) Covered official means:

- (a) For the type of lobbying defined in subparagraphs (I), (II.5), and (III) of paragraph (a) of subsection (3.5) of this section, **the governor, the lieutenant governor, a member of the general assembly, or the director of research of the legislative council of the general assembly or any member of legislative council staff;**
- (b) For the type of lobbying defined in subparagraph (IV) of paragraph (a) of subsection (3.5) of this section, **a member of a rule-making board or commission or a rule-making official of a state agency which has jurisdiction over the subject matter of a rule, standard, or rate.**

What is GRASSROOTS lobbying?

Rule 2.2.2 (a) states:

If an activity that could otherwise be considered lobbying is performed by an employee only once a year, and the employee is not paid solely to lobby, then that activity is not considered lobbying. This exclusion from lobbying covers “grassroots” lobbying by employees of an organization who contact members of the organization in response to a piece of legislation or rule.

What is a STANDARD?

Lobby Rule 1.13 states:

“Standard” means a criterion measuring acceptability, quality, accuracy, weight, or an amount, or a threshold for agency jurisdiction adopted by a state agency having rulemaking authority.

What is a RATE?

Lobby Rule 1.7 states:

“Rate” means a ratio of valuation, percentage change, annual adjustment, or an amount charged for a good or service, adopted by a state agency having rulemaking authority.

Lobbying Section 24-6-301(3.5), C.R.S.

"Lobbying" means communicating directly, or soliciting others to communicate, with a covered official for the purpose of aiding in or influencing:

(I) The drafting, introduction, sponsorship, consideration, debate, amendment, passage, defeat, approval, or veto by any covered official on:

(A) Any bill, resolution, amendment, nomination, appointment, or report, whether or not in writing, pending or proposed for consideration by either house of the general assembly or committee thereof, whether or not the general assembly is in session;

(B) Any other matter pending or proposed in writing by any covered official for consideration by either house of the general assembly or a committee thereof, whether or not the general assembly is in session;

(II.5) The preparation of an initial fiscal impact statement required by section 1-40-105.5, C.R.S.;

(III) The convening of a special session of the general assembly or the specification of business to be transacted at such special session;

(IV) The drafting, consideration, amendment, adoption, or defeat of any rule, standard, or rate of any state agency having rule-making authority.

(b) Subject to the exclusions and provisions of this paragraph (b), for the purpose of determining when contributions and expenditures become reportable in disclosure statements, "lobbying" includes activities undertaken by the person engaging in lobbying and persons acting at his request to prepare for lobbying which in fact ultimately occurs, provided:

(I) No such reports shall be required for activities occurring prior to the preceding fiscal year;

(II) Expenditures shall not be reported when such expenditures are incurred by a person in the ordinary course of the business or affairs of such person and are not made for lobbying. Such nonreportable expenditures will include, but not be limited to, the keeping of books of account and the routine collection of statistics and other data.

(c) **"Lobbying" does not include** communications made by a person in response to a statute, rule, regulation, or order requiring such a communication.

(d) (I) **"Lobbying" does not include** communications by a person who appears before a committee of the general assembly or a rule-making board or commission solely as a result of an affirmative vote by the committee, board, or commission issuing a mandatory order or subpoena commanding that the person appear and testify, or making such a person a respondent in such a proceeding whether or not the person is reimbursed by the committee, board, or commission for expenses incurred in making such appearance.

(II) (Deleted by amendment, L. 2004, p. 431, Section 1, effective August 4, 2004.)

(III) (A) Legislative declaration. The general assembly hereby declares its support of the "Colorado Sunshine Act of 1972" and the open process that it has brought to the legislative process in Colorado. The general assembly's intent in enacting this subparagraph (III) is to achieve a more uniform application of the lobbying laws to witness testimony and to clarify the ability of the public to provide testimony to the general assembly and to state agencies.

(B) **"Lobbying" excludes** persons who are not otherwise registered as lobbyists and who limit their activities to appearances to give testimony or provide information to committees of the general assembly or at public hearings of state agencies or who give testimony or provide information at the request of public officials or employees and who clearly identify themselves and the interest for whom they are testifying or providing information.

(e) **"Lobbying" does not include** communications made by an attorney-at-law when such communications are made on behalf of a client whose name has been identified and when such communications constitute the practice of law subject to control by the judicial branch of the state of Colorado.

(f) **"Lobbying" does not include** duties performed by employees of the legislative department.

Colorado Secretary of State

Consider the Steps of Rulemaking

Agencies conduct rulemaking hearings year-round.

Rule-making procedures could be different at each state agency.

Rules-Hearings could be available to the public for review during and after the hearing.

Communications (lobbying) could be included in publicly available recordings.

Written comments could be posted and available to the public for review.

Individuals engaging in rule-making but not meeting the definition of any lobbyist may not be required to register and disclose.

Notice of Proposed Rulemaking
Office of the Secretary of State
Rules Concerning Campaign and Political Finance
8 CCR 1505-6
Date of notice: June 15, 2020
Date and time of public hearing: July 16, 2020 at 2:00 p.m.

I. Hearing Notice

As required by the State Administrative Procedure Act,¹ the Secretary of State gives notice of proposed rulemaking. The hearing is scheduled for July 16, 2020 at 2:00 p.m. **This meeting will be conducted via webinar; no in-person option is available.** Details regarding how to join the webinar and testify during the hearing are outlined in section VI of this notice.

II. Subject

The Secretary is considering amendments to the rules concerning campaign and political finance² to improve the administration and enforcement of Colorado campaign finance law.³

Specifically, the Secretary is considering additional rule amendments including revisions necessary to ensure proper administration of legislation recently passed by the Colorado General Assembly, including SB19-232 concerning campaign finance enforcement; establish uniformity in the administration of current law; establish new definitions; clarify date of a contribution or donation; clarify when a committee may file a termination report to terminate the committee; clarify rules concerning recall elections, local offices and home rule; clarify late filing penalties and waiver process; establish new complaint rules including rules for settlement of complaints; eliminate obsolete provisions; simplify the language of existing rules; remove language that is duplicative of statute or constitutional provisions; and ensure consistency with Department rulemaking standards. The Secretary may consider additional rule amendments.

A detailed Statement of Basis, Purpose, and Specific Statutory Authority follows this notice and is incorporated by reference.

What is a STANDARD?
Lobby Rule 1.13 states: "Standard" means a criterion measuring acceptability, quality, accuracy, weight, or an amount, or a threshold for agency jurisdiction adopted by a state agency having rulemaking authority.

The Colorado Air Quality Control Commission is appointed by the governor and authorized by the Colorado General Assembly to oversee Colorado's air quality program according to the Colorado Air Pollution Prevention and Control Act, Section 25-7-101 et seq., C.R.S., as amended. The purpose of the commission is to adopt a cost-effective and efficient air quality management program that promotes clean and healthy air for Colorado's citizens and visitors, protect Colorado's scenic and natural resources, and promotes statewide greenhouse gas pollution abatement.

Remote Meetings

Due to COVID-19 response activities, we are not currently hosting meetings in person. The commission is conducting all meetings as remote meetings only using the Zoom platform. This became effective March 18, 2020 and will continue until further notice. Opportunity will be made available for parties to rulemaking hearings and interested members of the public to participate remotely in the meetings. Zoom registration links will be posted to this website and on meeting agendas. We will continue to update the website as the situation changes.

Accepting Written Comments Only for Requests for Rulemaking Hearings

The commission is deviating from its previous practices regarding public comment for Requests for Rulemaking Hearings. Please see this [memo](#) for details concerning this decision.

Rates

What is a RATE?
Lobby Rule 1.7 states: "Rate" means a ratio of valuation, percentage change, annual adjustment, or an amount charged for a good or service, adopted by a state agency having rulemaking authority.

Example of Rate-Related Lobbying
Rate increase requests to the Public Utilities Commission could constitute and/or generate lobbying by employees, energy companies, consumers, state liaisons, professional lobbyists, etc.

About Electric

The mission of the Electricity Section of the PUC is to achieve a regulatory environment that provides safe, reliable, and quality services to electric utility customers on just and reasonable terms. The Electricity Section of the PUC serves the public interest by balancing the needs of customers and utility service providers in the following areas of responsibility:

- Rates
- Service
- Infrastructure
- Issuing Authorities to Operate
- Establishing Industry Rate and Service Standards**
- Initiating Enforcement and Compliance Activities
- Assisting Consumers with Complaints and Education

Rates for electric services must be approved by the PUC. The Section reviews requests by electric utilities for rate changes to ensure that financial, engineering, legal, and economic requirements are met. The Section considers and implements alternative rate regulation, such as variable, incremental, or interruptible electric rates where consistent with the public interest.

In addition, the Section assists the PUC Commissioners in establishing service standards to initiate and maintain service and equipment to a level necessary to promote the safety, health, comfort, and convenience for customers of all regulated electric providers operating in Colorado. These service standards range from establishing minimum adequacy and reliability standards to ensuring power is available to Colorado consumers to determining customer deposit requirements.
