Cash Fund Narrative Information	
Purpose/Background of Fund	All fees collected by the Department of State shall be transmitted to the state treasurer, who shall credit the same to the department of state cash fund, which fund is hereby created. All moneys credited to the department of state cash fund shall be used as provided in this section and shall not be deposited in or transferred to the general fund of this state or any other fund. The moneys credited to the department of state cash fund shall be available for appropriation by the general assembly to the department of state in the general appropriation bill or pursuant to section 24-9-105 (2) C.R.S. (§24-21-104(3)(b) C.R.S.).
Fee Sources	It is the duty of the secretary of state to charge fees, which shall be determined and collected pursuant to subsection (3) of this section, for filing each body corporate and politic document, for filing each facsimile signature, for each notary public's commission, for each foreign commission, for each official certificate, for administering each oath, for all transcripts or copies of papers and records, computer tapes, microfilm, or microfiche, and for other papers officially executed and other official work that may be done in the secretary of state's office. §24-21-104(1)(a) C.R.S.
Non-Fee Sources	<ul style="list-style-type: none"> -Donations and grants to the BIC program as permitted by §24-21-116(8) C.R.S. -Other donations and grants, other than those under HAVA, as allowed by statute -Refunds of prior year expenditures - In FY 2021-22 and FY 2022-23 there are non-cash accounting entries to comply with GASB 87 and GASB 96 implementation
Long Bill Groups Supported by Fund	Department of State: (1) Administration (VCVAA), (2) Information Technology (VCVBA), (3) Elections (VCVBD), and (4) Business and Licensing (VCVBT)

Compliance Plan (narrative)	The Electronic Recording Technology Board (ERTB) is an enterprise for the purposes of section 20 of article X of the state constitution (§24-21-402(2) C.R.S.). As a result, the Electronic Recording Technology Fund (ERTF) is exempt from the maximum cash fund reserve (statutory lid).			

Cash Fund Narrative Information	
Purpose/Background of Fund	SB16-115 created the Electronic Recording Technology Board (ERTB) and the Electronic Recording Technology Fund (ERTF). The primary purpose of the ERTF is to enable the ERTB to award grants to counties to establish, maintain, improve, or replace electronic filing systems in accordance with § 24-21-404(2) C.R.S. County Clerks' offices currently are prioritizing the implementation of new voting and motor vehicle registration systems and equipment. This limits their ability to devote staff and financial resources to the implementation of new recording equipment and processes. As a result, the ERTB may need to adjust its timeline for the disbursement of grants from what is shown on this Schedule 9.
Fee Sources	Pursuant to § 30-10-421(1)(c) C.R.S., the county clerk and recorder shall collect the surcharge imposed by the electronic recording technology board under § 24-21-403(2) C.R.S for each document received for recording or filing in his or her office. § 30-10-421(3)(a) requires county clerk and recorders to transmit surcharge revenue to the ERTF on a monthly basis.
Non-Fee Sources	N/A
Long Bill Groups Supported by Fund	The Electronic Recording Technology Board (ERTB), an enterprise for the purposes of section 20 of article 10 of the state constitution.

Summary of Request

Problem or Opportunity:

In April 2024, the Department of State (Department) was awarded an additional tranche² of \$1.0 million of Help America Vote Act (HAVA) Election Security Grant funding from the U.S. Election Assistance Commission (EAC). To leverage this federal funding, the Department must provide a \$200,000 (20.0%) state match.

Proposed Solution:

The Department requires the spending authority to transfer \$200,000 from the Department of State Cash Fund into the Federal Elections Assistance Fund³ within two calendar years of the award in accordance with § 104(d) of HAVA. Due to the timing of Colorado’s budget request cycle, the Department must obtain the spending authority for this transfer in FY 2025-26 to meet federal requirements. All money in the Federal Elections Assistance Fund is continuously appropriated pursuant to § 1-1.5-106(2)(b) C.R.S.

Fiscal Impact of Solution:

This is a one-time request for \$200,000 in spending authority to make the transfer to the Federal Elections Assistance Fund. By appropriating these funds, the State can leverage five times this amount in federal funding.

¹ The base \$10,000 Help America Vote Act (HAVA) Appropriation is Informational and carries an “(I)” notation in the Long Bill (see for example HB 24-1430). In FY 2024-25, \$234,488 was appropriated from the Department of State Cash Fund to transfer to the Federal Elections Assistance Fund in order to meet the matching funds requirement on the 2023 tranche of HAVA Election Security funding. This transfer has been made. Absent approval of this R-01 Decision Item, the HAVA appropriation would revert to \$10,000(I) in FY 2025-26.

² The 2023 tranche of HAVA Election Security funding is added to the Department’s existing HAVA Election Security Grant (EAC-ELSEC18CO).

³ § 1-1.5-106(1)(a) C.R.S.

Requires Legislation	Revenue Impacts	Impacts Another Department?	Statutory Authority
No	No	No	§ 1-1.5-104(4) C.R.S. § 1-1.5-106(1)(a)(II) C.R.S. § 1-1.5-106 (2)(b) C.R.S. § 24-21-104.7 C.R.S.

Background and Opportunity

Under the Help America Vote Act (HAVA), Congress has authorized funding to states for expenses that improve the administration of federal elections. Over the 22 years since Congress passed the original act, HAVA funds have supported: developing SCORE (the statewide voter registration system), upgrading county voting equipment and systems, increasing the number of secure ballot drop boxes, information technology systems upgrades to improve election security, supplemental election judge pay, training for county elections staff, among other things.

The terms of the grant from the EAC require that the State of Colorado commit \$200,000 in matching funds to leverage the \$1,000,000 in federal funds. The Department must demonstrate that the funds have been transferred to the Federal Elections Assistance Fund and that interest is being earned and accrued not later than April 25, 2026, although the Department has until the end of the grant period to fully expend the matching funds. This presents an opportunity for the State to obtain a five-to-one return.

That said, HAVA funds are restricted in their usage. The State is required to use this funding to improve the administration of federal elections. Further, HAVA funds cannot be used to supplant existing state or county expenditures. The funds must be used on new projects or activities.

Proposed Solution and Anticipated Outcomes

The Department requests \$200,000 in additional spending authority from the Department of State Cash Fund⁴ in order to transfer the full state match to the Federal Elections Assistance Fund in FY 2025-26 as required by the terms of the grant. The Department must demonstrate that it has the legal authority to meet the matching requirement not later than April 25, 2026, which is the driver of the timing of this request.

The Department does not plan to charge indirect expenses to the 2024 tranche of HAVA Election Security Grant. In so doing, the Department will maximize the grant funds for the direct purpose of the grant. This is consistent with both how the Department has managed HAVA grants for many years under the leadership of Secretaries of State from both parties as well as how the vast majority of states manage their HAVA grants.⁵

If this request is not approved, the Department would have to return to the federal government the \$1,000,000 it has received from the EAC and all accumulated interest. Colorado would lose the opportunity to use this funding to ensure that the state remains a leader in providing accessible, secure, and fair elections. If the State or counties were instead required to cover these expenses on their own, it could result in higher taxes or fees for some Coloradans.

By providing the \$200,000 in spending authority for the required match, Colorado will have access to \$1,000,000 in federal funds to support the improvement of elections in the state. These federal funds will allow the state to maintain its leadership in elections security, technology, and participation.

⁴ § 24-21-104(3)(b) C.R.S.

⁵ Based on information provided by the EAC.

Assumptions and Calculations

The Notice of Grant Award from the EAC provides the requirements for the state matching funds on the 2024 tranche of the HAVA Election Security Grant.

Summary of Request

Problem or Opportunity:

The budget for Department of State’s (Department) Information Technology (IT) Division currently is divided into three operating line items: Operating Expenses, Hardware/Software Maintenance, and IT Asset Management based upon on an outdated, obsolete operating and budgeting model. Historically, the IT Division maintained a significant data center and many of the software costs were based upon perpetual licenses. Virtually all IT vendors have transitioned to a software licensing model with monthly or annual payments. Further, the Department’s on-premises data center footprint continues to shrink as more servers and workstations are virtualized. In this environment, it no longer is logical or practical to split the division’s operating budget across three line items and, in fact, this structure makes it challenging for the division to optimize its budget.

Proposed Solution:

The Department proposes restructuring the division’s budget with the Operating Expenses, Hardware/Software Maintenance, and IT Asset Management line items consolidated into a single Operating Expenses line item to reflect the modern IT operating environment. This request does not propose any change to the IT Division Personal Services appropriation.

Fiscal Impact of Solution:

This request does not change the amount of spending authority in the IT Division. Instead, this request reorganizes existing spending authority, consolidating it into a single line item (Operating Expenses).

Requires Legislation	Revenue Impacts	Impacts Another Department?	Statutory Authority
No	No	No	§ 24-21-101 C.R.S. § 24-75-112(1)(l) C.R.S. § 24-37.5-102(28) C.R.S.

Background and Opportunity

The Department’s IT division is responsible for operation and support of more than 30 custom-developed applications supporting businesses, voter registration, campaign finance, licensing, rules, notaries, charities, lobbyists, durable medical equipment, uniform commercial code, and others. While the division collaborates with and has provided support when required to the Governor’s Office of Information Technology (OIT), it effectively operates independently of OIT, as the Department is excluded from the definition of “state agency” in the OIT statutes.¹

Today, the overwhelming majority of customers interact with the Department through its website and technology systems are used by every Department employee to serve our customers and to do their jobs. Secure, reliable, and modern IT systems are essential to our success.

For more than 20 years, the Department’s IT operating budget has included separate lines for Asset Management, Hardware/Software Maintenance, and Operating Expenses. This was driven by an IT industry that sold software using perpetual, long-term software subscription agreements and the Department’s maintenance of numerous hardware servers in an on-premises data center. This model is now obsolete as virtually all IT vendors have fully transitioned to a software licensing model with monthly or annual payments. Furthermore, the Department’s own data center footprint continues to shrink as more servers and workstations are virtualized. The IT Division’s budget structure must adapt to meet this change. This modernization will enable the division to continue to serve customers, including businesses, charities, and county governments, efficiently and effectively. It will also provide additional flexibility to the division in meeting emerging technology needs and threats.

Proposed Solution and Anticipated Outcomes

This request proposes consolidating three line items in the IT Division: Asset Management, Hardware/Software Maintenance, and Operating Expenses into a single Operating Expenses line item. The Department is not seeking any additional spending authority and no statutory change is required. The table on the next page illustrates this request.

IT Division Appropriation	Status Quo	Request
Operating Expenses	\$786,080	\$4,335,193
Hardware/Software Maintenance	\$3,100,020	\$0
Asset Management	\$449,093	\$0
Total	\$4,335,193	\$4,335,193

By consolidating into a single Operating Expenses line item, the division is better positioned for the future for the following reasons:

¹ § 24.-37.5-102(28) C.R.S.

- Operating dollars will easily transition to subscription-based models when and where needed as opposed to being dedicated to older physical hardware platforms.
- The budget will be modernized and better adapted to purchase software subscriptions now that perpetual licenses are no longer available from vendors.
- The division will be better able to address year-to-year fluctuations in needs rather than being restricted by obsolete budget categories.
- POs that combine technology assets and licensing can be charged to a single appropriation, reducing the complexity for procurement, accounting, and IT staff.

Absent this change, the IT Division will continue to operate using the existing budget structure based on an outdated IT business model. This structure will restrict the division's operating flexibility and may limit its ability to pursue opportunities to improve operations in coming fiscal years.

Assumptions and Calculations

The Department assumes that the IT business model will continue to evolve in the coming years and that, therefore, it is in the State's best interest to modernize the IT Division budget structure by consolidating the Asset Management, Hardware/Software Maintenance, and Operating Expenses line items into a single Operating Expenses line item.

Summary of Request

Problem or Opportunity:

The Business and Licensing Division (B&L Division) of the Colorado Department of State (Department) registers entities formed in Colorado and maintains a public database of business registrations and other related filings for LLCs, corporations, and other business entities. In recent years, business identity theft and other fraudulent filings have become an increasing problem. HB 24-1137 provided 4.5 additional FTE (Technician I) to the B&L Division for implementation of the recommendations from the Fraudulent Filings Working Group created by SB 22-034, including the verification of the registered agent’s residency status. However, a late amendment to HB 24-1137 directs the Department to develop an alternative policy for ID-deficient registered agents and is scheduled to go into effect on July 1, 2025. The Department, at the time, was unable to accurately project the fiscal impact of this policy and specified that it would instead address the need through the FY 2025-26 budget process. Based on analysis of the method the Department will use for this alternative policy for ID-deficient registered agents, an additional 1.0 Technician I (ongoing) is required.

Proposed Solution:

Pursuant to HB 24-1137, the B&L Division will deploy an alternative policy to require filers who list an individual as their registered agent and who are unable to confirm the registered agent’s identity and Colorado residency with an official state-issued identification card to provide a postal address for correspondence to be delivered to the registered agent for verification of the register agent’s name and Colorado residency. This work will be executed in parallel with the other elements of HB 24-1137 (e.g., requiring affidavit and identity verification attestations for the reinstatements of dissolved and delinquent entities after two years and five years, respectively).

¹ This request impacts three appropriations: B&L Division: Personal Services, B&L Division: Operating Expenses, and IT Division: Operating Expenses.

Fiscal Impact of Solution:

Inclusive of Centrally Appropriated costs, the total fiscal impact is \$73,495 and 1.0 FTE in FY 2025-26 (ongoing). Excluding Centrally Appropriated costs, the total impact is \$55,033 and 1.0 FTE in FY 2025-26 (ongoing). The breakdown by appropriation is provided in the table below.

Appropriation	Amount
Business & Licensing: Personal Services	\$47,298 1.0 FTE
Business & Licensing: Operating Expenses	\$5,500
IT: Operating Expenses	\$2,235
Centrally Appropriated	\$18,462
Total	\$73,495

Requires Legislation	Revenue Impacts	Impacts Another Department?	Statutory Authority
No	No	No	§ 7-90-701 C.R.S.

Background and Opportunity

The B&L Division registers entities formed in Colorado and maintains a public database of business registrations and related filings for LLCs, corporations, and other business entities. In recent years, business identity theft and other fraudulent filings have become an increasing problem in Colorado. HB 24-1137 provided 4.5 additional FTE (Technician I) to the B&L Division for implementation of the recommendations from the Fraudulent Filings Working Group created by SB 22-034. Those positions were needed for the work required in the initial bill to address the sizeable increase in complaints the Department is receiving through the bill’s expansion of the fraud complaint program to allow law enforcement agencies to file complaints, in addition to victims, and for the work to process the bill’s requirements for restoration of dissolved or delinquent entities. An additional 1.0 FTE from our R-05 Customer Support for Fraud Complaints decision item was also included in our FY 2024-25 Budget Request to address workload issues related to the business fraud complaint process.

However, it’s important to appreciate that those additions did not address the impact of the late amendment to HB 24-1137 which directs the Department to develop an alternative policy for ID-deficient registered agents and is scheduled to go into effect on July 1st, 2025. The Department, at that time, was unable to accurately project the fiscal impact of how that policy would be implemented because the Legislature required the Department to first conduct stake-holding meetings with affected interest groups to assess whatever method is selected to implement the policy. As a result, the Department specified that it would instead address the need through the FY 2025-26 budget process. The work associated with this process represents the deployment and execution of an additional process not accounted for in previously appropriated funding. Based on analysis of the method the Department intends to use for ID-deficient registered agents, an additional 1.0 Technician I (ongoing) is required.

Proposed Solution and Anticipated Outcomes

Following the deployment of a yet-to-be executed alternate identity verification process (HB 24-1137, Section 4), the B&L Division will be responsible for delivering yet-to-be defined postal correspondence to a subset of all filers with our office who list an individual as a registered agent. This solution will have increased support costs related to the delivery of this correspondence along with an associated increase in customer engagement. To meet these additional support costs, the B&L Division needs to hire an additional Technician I for the Division's dedicated Business Fraud Unit (currently being formed).

This process will ultimately require filers who choose to list an individual as a registered agent and who are unable to confirm the registered agent's Colorado residency with official state-issued identification to provide the registered agent's name and address for a mailing to registered agent as a means of confirmation of Colorado residency. Upon delivery, the registered agent will be required to access our site (based on a QR code, pin letter, or some other means of access) to confirm their Colorado residency. Upon confirmation, the associated filing will be finalized and become publicly accessible in the Department's registry.

Increased staffing to address this workload will help us maintain turnaround times, improve customer experience, and increase effectiveness in our efforts to protect our constituents from being the victims of fraud.

Our estimates suggest that current staffing for the Business Fraud Unit is inadequate to cover the additional workload of the alternative identity verification process. Without the addition of the requested 1.0 FTE to cover the alternative identity process, we will experience backlogs not only in this set of tasks but in other Business Fraud Unit duties.

Assumptions and Calculations

The following assumptions and calculations represent a better understanding of the additional workload of the alternative identity verification process. As this solution is still in development and its usage volume is not yet finalized, we based our cost calculations on the following assumptions derived from our ongoing work to develop the solution.

Registered Agent Verification

- All transaction types that utilize a Registered Agent are impacted by this legislation.
- There were 909,205 transactions of this type in calendar year 2023.
- 643,448 (calendar year 2023) transactions elected an individual as the registered agent (rather than an entity).

Of the 643,448, we assume 20 percent, or 128,689 of filers who historically have used individuals as their registered agent or initially elect this option, will choose instead to elect an entity as their registered agent.

- It is estimated that as high as 10 percent of the remaining 514,759 filers (51,476) that use individuals as registered agents are likely to use this alternative identity verification solution.
- Those filers that adopt the alternative verification solution will need to be sent letters that will include processing by this FTE.
- Upon receipt of the letters the filer will take an affirmative action within the system to validate the registered agent address/residency to finalize the filing.
- The tasks associated with this work will be completed by Technician I.

All costs associated with the new FTE are calculated using the FY 2025-26 Budget Request FTE Calculations Template.

Summary of Request

Problem or Opportunity:

The Department of State (Department) is constitutionally and statutorily required to conduct public meetings and hearings (e.g., Title Board, Rulemaking, Administrative Hearings regarding violations of laws and rules related to campaign finance, elections, and licenses and registrations for lobbyists, notaries, and durable medical equipment). Since 2020, there have been persistent, credible threats of violence directed at individuals and organizations that administer elections across the U.S., including in Colorado. The Department has a public duty and a moral obligation to ensure the safety of members of the public and state employees who participate in and attend these hearings and events. Historically, the Department was able to absorb this cost within its Administration Division Personal Services appropriation. However, given the intensified threat environment, the increase in expected public meetings to carry out Department obligations, and as costs have increased, this is no longer sustainable.

Proposed Solution:

The Department coordinates with the Colorado State Patrol (CSP), a division of the Department of Public Safety (CDPS), to provide security for hearings. CSP invoices the Department for the cost of officers' time in covering these events. The Department requests additional spending authority to ensure it can cover these costs in FY 2025-26.

Fiscal Impact of Solution:

The Department requires an additional \$31,048 in ongoing spending authority starting in FY 2025-26 in the Administration Division Personal Services appropriation to be paid from the Department of State Cash Fund¹ to cover additional CSP usage for public hearings and meetings and increasing CSP rates. In FY 2026-27, there will be additional hearings as a result of the November 2026 General Election, so the Department requires an incremental \$6,942 in spending authority. The Department has discussed this request with the CDPS and they are aware of the additional need for CSP protection in the coming fiscal year.

(Campaign Finance), HB 24-1283 (Campaign Finance -- Municipalities)</p> <p>b) Licensees & Applicants:</p> <p>§ 24-21-523(3) (Notary); § 24-21-115(2)(a) (Durable Medical Equipment Supplier)</p> <p>c) Registrants:</p> <p>§ 6-16-111(6)(b), C.R.S. (Charities); § 24-6-305 (Lobbyists)</p>

Background and Opportunity

The Department conducts and hosts numerous public hearings and events, the majority of which are required by the constitution, statute, or rule. These meetings host members of the public in the Department’s offices in private office space. While building management maintains a security presence for the office complex, it does not provide uniformed security within the Department’s offices for these public meetings, it is necessary to ensure a uniformed, official security presence at public hearings.

For many years, the Department only occasionally required security at hearings. The need was infrequent and the cost was modest, so it was absorbable within the Administration Division Personal Services appropriation. The threat environment has intensified, particularly on issues pertaining to elections, and hearings have become more contentious. A uniformed security presence is now required at hearings to ensure that the public and state employees are safe, comfortable, and secure.

In FY 2025-26, the number of meetings and hearings hosted by the Department and open to the public will increase, driven by:

- HB 24-1283 – Secretary of State Review of Municipal Campaign Finance Complaints, which enables municipalities to refer campaign finance violations to the Department;
- SB 24-210 – Modifications to Laws Regarding Elections, which creates a hearing process for complaints regarding circulator reports for candidate petitions, recall petitions, and minority party petitions;
- Pending Rule 3 of the General Policies & Administration brings hearings for notaries and durable medical equipment for the Department in-house to proceed in front of the Department’s hearing officer, rather than at the Office of Administrative Courts; provides for most elections’ hearings to be heard by the hearing officer, rather than the Elections Division; and designates the hearing officer as the Secretary’s designee to hear all lobbyist hearings, previously heard by the Secretary.
- Department-led Continuing Legal Education (CLE) courses that are open to the public.
- Title Board – As the substance of issues before Title Board has become increasingly complex, and the volume of submission has increased, both the hearing length and the overall number of hearings have expanded, bringing additional security costs.

At the same time, the cost of security has increased, with CSP’s hourly rate expected to increase by ten percent in FY 2024-25 (from \$112.00 to \$123.20 per hour). Further rate increases are likely in FY 2025-26. In addition, in FY 2025-26, the number of hearings will increase as a result of hearing activity related to the 2026 General Election. Increased usage coupled with increasing rates mean it is no longer feasible to absorb these costs within existing budget.

Proposed Solution and Anticipated Outcomes

Collectively, the Department anticipates it requires 450 hours of CSP security services at public hearings and meetings in FY 2025-26. Based on an estimated rate of \$135.52 per hour for FY 2025-26, which assumes an additional 10 percent increase, \$31,048 in additional spending authority is required in the Administration Division Personal Services appropriation in FY 2025-26. An incremental increase of \$6,942 is needed in FY 2026-27 due to additional hearings related to the November 2026 General Election. This additional spending authority will enable the Department to work with CSP to have a security at all public hearings and meetings which will mitigate the risk of threatening, unruly, or otherwise disruptive behavior while providing assurance to members of the public and state employees attending the events. Absent this additional spending authority, the Department will not be able to provide security necessary to cover the many public hearings that the Department will conduct. The absence of security could result in a hostile, threatening, or uneasy environment at public hearings and meetings, which could conceivably result in a reduction in public engagement and participation as well as increased employee turnover.

The Department has discussed this request with the CDPS and they are aware of the additional need for CSP protection in the coming fiscal year.

Assumptions and Calculations

The estimates of meeting hours and incremental spending authority required are based upon the calculations shown in the table below.

Hearing/Meeting	# of Meetings per Fiscal Year	Avg. Hours per Meeting	Additional Meeting Hours ²	# of Hours per Fiscal Year	Estimated Security Hourly Rate	Estimated Cost
Title Board	22	5.0	40.0	150.0	\$135.52	\$20,328
Rulemaking	6	2.0	0.0	12.0	\$135.52	\$1,626
Continuing Legal Education (CLE)	3	2.0	0.0	6.0	\$135.52	\$813
Hearing Officer (CPF)	10	5.0	15.0	65.0	\$135.52	\$8,809
2024 Legislation: HB 24-1283 (municipal CPF) Hearings; SB 24-210 Hearings (Petitions)	35	2.5	0.0	87.5	\$135.52	\$11,858
Potential Rule 3 Hearings (Elections, Lobbyists, Notaries, DMEs)	7	3.0	-0.0	21.0	\$135.52	\$2,846
Estimated FY 2025-26 Total Security Costs						\$46,280

In FY 2023-24, the Department expended approximately \$15,232 on security expenses for hearings and meetings. Therefore, the incremental need for FY 2025-26 is \$31,048 (\$46,280 - \$15,232 = \$31,048). Security utilization is expected to increase by approximately 15.0 percent in FY 2026-27, so the incremental need is \$6,942 (\$53,222 - \$15,232 - \$31,048 = \$6,942).

² Throughout the year, additional meetings or hearings are sometimes required. These are captured in the “Additional Meeting Hours” column.
