On October 23, 2015, the proponents and designated representatives of Proposed Initiative 2015-2016 #20, "State Health Care System," submitted 158,831 petition signatures to the Secretary of State. After reviewing a five-percent random sample of the submitted signatures, the Secretary of State projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

**Random sample verification summary:**

Total number of qualified signatures submitted	158,831
5% of qualified signatures submitted (random sample)	7,942
Total number of entries accepted (valid) from the random sample	5,457
Total number of entries rejected (invalid) from the random sample	2,485
Number of projected valid signatures from the random sample	109,134
Total number of signatures required for placement on ballot	98,492
Projected percentage of required valid signatures	<b>110.80%</b>

Because the random sample verification established that the projected number of valid signatures totals 110.80 percent of the amount required for placement on the ballot, Proposed Initiative 2015-2016 #20 "State Health Care System" is sufficient and will be certified to the 2016 general election ballot.
