STATEMENT OF SUFFICIENCY
2019-2020 Proposed Initiative #283
“Paid Family and Medical Leave Insurance Program”

August 25, 2020

On July 31, 2020, the proponents and designated representatives of 2019-2020 Proposed Initiative #283 (“Paid Family and Medical Leave Insurance Program”) submitted 205,660 petition signatures to the Elections Division of the Secretary of State’s office. After reviewing a five-percent random sample of the submitted signatures, the Elections Division of the Secretary of State’s office projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

Random sample verification summary:

Total number of qualified signatures submitted	205,660
5% of qualified signatures submitted (random sample)	10,283
Total number of entries accepted (valid) from the random sample	6,900
Total number of entries rejected (invalid) from the random sample	3,383
Number of projected valid signatures from the random sample	137,999
Total number of signatures required for placement on ballot	124,632
Projected percentage of required valid signatures	110.73%

Because the random sample verification established that the projected number of valid signatures totals 110.73 percent of the amount required for placement on the ballot, 2019-2020 Proposed Initiative #283 is sufficient and will be certified to the 2020 general election ballot

Dated this 25th Day of August, 2020.
