March 2, 2021

Hon. Nancy Pelosi Speaker House of Representatives Washington, DC 20515

Hon. Kevin McCarthy Minority Leader House of Representatives Washington, DC 20515 Hon. Chuck Schumer Majority Leader United States Senate Washington, DC 20510

Hon. Mitch McConnell Minority Leader United States Senate Washington, DC 20510

Dear Leader Schumer, Speaker Pelosi, Leader McConnell, and Leader McCarthy:

It's no accident that the 2020 elections were the most secure in American history. A monumental effort by election administrators—from board of elections officials, to county clerks, to poll workers—ensured our country's democratic process was stronger than ever, even with the unique challenge posed by the COVID-19 pandemic.

While the 2020 elections proved that our democracy is resilient, the elections also showed us that they cannot be taken for granted. Our elections were safe, secure, and successful because countless patriotic Americans took action to protect them. The policies that gave voters better options to safely register to vote and cast a ballot in the face of the pandemic were a resounding success and must now be made permanent.

Modernizing elections meant that eligible voters did not have to choose between casting a ballot and risking their health. It also resulted in record turnout for both parties. Policies like vote-by-mail for all and early voting saw resounding success in states and municipalities across the country. Now, only Congress can ensure that every eligible voter across America has access to these voting options in the future. That's why we need to immediately enact the *For The People Act* (H.R. 1) into law.

The For The People Act offers a comprehensive path to securing and modernizing American democracy for generations to come. The bill provides clear guidance for all 50 states and the District of Columbia to implement election processes that work for administrators and voters alike, and its adoption into law is critical to the future of American elections. Proven policies such as automatic and same-day voter registration will remove administrative obstacles for eligible voters while maintaining up-to-date and accurate voter rolls. Voter-verified paper ballots will ensure every vote is accurately recorded and allow administrators to run key audits to verify election results. Other provisions, such as independent redistricting commissions to combat gerrymandering and shining light on dark money, will further strengthen the integrity of our elections.

As the chief elections officials in our respective states, and as the administrators who will be tasked with executing many of the policies proposed in H.R. 1, we can confidently state that this bill is designed to make our democracy stronger and safer than ever. We proudly and firmly support the *For The People Act*, and we strongly recommend its passage in the U.S. House of Representatives and U.S. Senate.

Sincerely,

Katie Hobbs
