

STATEMENT OF SUFFICIENCY

2021-2022 Proposed Initiative #122 "Third-Party Delivery of Alcohol Beverages"

August 26, 2022

On August 8, 2022, the proponents and designated representatives of 2021-2022 Proposed Initiative #122 ("Third-Party Delivery of Alcohol Beverages") submitted 185,790 petition signatures to the Elections Division of the Secretary of State's office. After reviewing a five-percent random sample of the submitted signatures, the Elections Division of the Secretary of State's office projected the number of valid signatures to be greater than 110 percent of the total number of signatures required for placement on the ballot.

Random sample verification summary:

Total number of qualified signatures submitted	185,790
5% of qualified signatures submitted (random sample)	9,290
Total number of entries accepted (valid) from the random sample	6,966
Total number of entries rejected (invalid) from the random sample	2,324
Number of projected valid signatures from the random sample	139,312
Total number of signatures required for placement on ballot	124,632
Projected percentage of required valid signatures	111.78%

Because the random sample verification established that the projected number of valid signatures totals 111.78 percent of the amount required for placement on the ballot, 2021-2022 Proposed Initiative #122 is sufficient and will be certified to the 2022 general election ballot.

Dated this 26th Day of August, 2022.

A handwritten signature in blue ink, appearing to read "Jeff M".
