Subject: Comments – Rule Review CCR1505-9; Charitable Solicitation Rules

Rules now are not clear to me as the Director of a very small, start up (at least financially), non-profit, 501c3. I did sign up with the charitable list, and pay the annual fee, but our budget is so low that even that fee is just paid by me to keep this thing legal until I can make it work. I have always wondered if I really need to be listed on this if the budget is so low, esp in the beginning, or if it is just for organizations that hire big fund raising companies? It does not seem necessary for a very small organization to have to do this. What really is the law now, and can be be flexible depending on the budget of a non profit? Karen Degenhart
