I just have a couple of suggestions.

We only run a raffle, no bingo and no plans to do bingo. It would be nice if the returns related only to raffle.

Also, the raffle ticket stubs require an address. I think it would be good if it could just be "contact info". In this day and age, most people don't use a physical address. They use email or cell phones etc.

We have no activity most of the year. If a qtrly return is necessary, perhaps it could simply state, "No activity". And filing returns online would be great!

Thanks!
