Andrea,
Here are some of my thoughts on Campaign Finance as someone who has just run for office. (Denver School Board)

We need to make Campaign Finance Rules as clear and simple as possible. I want to make running for office easy. It is brutal work to run for any elected office. We have difficulty recruiting people to run for that reason alone. When they run into the confusing Finance Rules, they don't run for office. They run for the door. Thank you for setting up this forum.
