Subject: Charitable Solicitations--Comment

Thank you for the opportunity to comment on the rulemaking relating to 8 CCR 1505-9. I would echo other comments about a six month extension as we also experience low priority scheduling of non-profit audits, and routinely have to file for maximum extension. It would also be a tremendous savings of resources to meet reporting requirements through the 990 submission. The savings would allow us to dedicate even more charitable donations to our programs instead of having to pay for the added time required for administration.

Many thanks,

Sherry
