Subject: Comments to help shape Colorado's Election Rules

I'd really like to see voter ID laws. It is done in most countries and should be a basic requirement. In addition, we must stop same day voter registration as it invites too much fraud, that is difficult to ascertain on Election Day. Personally, I'd like a law that requires one to pay taxes to vote. Why should someone who hasn't ever paid taxes get to vote to increase taxes on the ones who pay?
