Subject: Comments: proposed temporary election rule

Mr.Secretary:

I agree with the proposed temporary election rule, however, I don't agree that a student who has the "intent" to make Colorado his residency should be allowed to vote. Intent is nothing but a wish and a prayer. When he graduates and has residence here they will be eligible.

This is what happens when Bills are rushed through. I guess you have to pass it to find out what's in it.

Respectfully,

Cheryl Thaxton
