If reading this right...this would require Counties to purchase BOSS to program device passwords??? Our County does not have the funds to purchase BOSS.

Page 6 lines 1-3

Language should not dictate which type of media the County uses to create the backup. Windows 7 users cannot create a read-only write once CD the windows software won't allow it. We should be able to use whatever means we have such as USB flash drives etc...

Page 6 lines 22-23

Is this separate from our chain of custody logs???

Page 7 lines 1-2

Is this separate from our chain of custody logs???
