Subject: Help shape Notary Rules

I was a notary for many years in Nursing Homes. This last time, I was unable to get to the bank on time for someone to notorize my signature so my notary became invalid.

People in Nursing Homes who can't get out need these services but I don't have the time to go to classes to learn to be one, when have been on and off for 38 years.

Thank you
Sondra Eppard, NHA
