Subject: Comment for Proposed Rules 7.2.5 & 7.2.6

Kit Carson is already in possession of our printed mail ballot envelopes for the 2014 General Election. Therefore, should the effective date change in proposed rules 7.2.5 & 7.2.6 requiring new language to be added to the mail ballot envelopes prior to the 2014 General Election, our county would need to replace the envelopes that are already printed and paid for. This would be an unanticipated cost to our county.
