Subject: Comments on proposed rule changes 5/15

To Whom It May Concern:

My comments on the proposed rule changes that were mailed on 5/15 are as follows:

1) Option 2 for ballot separation options is the best. It does not have any identifying information (including party voted for) on the outside of the envelope.

2) I support the proposed cross-jurisdiction voting pilot that would allow voters to vote in adjacent counties.

Thank you.
