Subject: Proposed changes to Notary program

I believe the proposed requirement of a training course is not needed, after being a notary for over 5 years in good standing and with no disciplinary action ever, there is no reason for such training. Any notary that has been in good standing and renewed yearly for over 5 years should not be subject to such a rule. The addition of regulations to a program that is working well is more of a burden, or even a hindrance, than an enhancement.
