If I am reading the proposed changes correctly, section 1.3 indicates an officer must sign documents.

I would propose that the first sentence be changed to read “an officer **or a person designated to sign on behalf of the organization as documented in a board resolution**”. And the second sentence be amended to read ‘an officer **or a designated individual as documented in a board resolution**, a trustee of a....”

The first sentence seems to indicate a person could be designated, but the second sentence indicates to me that the designated person must be an officer.

I am not an “officer” of the organization, but my position as Business Director (staff) has been authorized to sign documents regarding Charitable Solicitation registrations on behalf of the organization.

Hope this is clear.

Thank you,
