Re: Comments on Proposed Rules

Secretary Griswold,

I want to thank you for inviting comments on your proposed Election Rules dated May 15, 2020 and thank you for considering our input. It's very clear that both you and your staff have put in a lot of time to draft these in the spirit of making our elections better for every Coloradan.

We support these proposed rules as currently drafted and my office does not have any technical comments or edits. Thank you again and please feel free to reach out to my office if you have any questions or concerns.

In Solidarity,

Hon. Paul D. López
Clerk and Recorder
City and County of Denver
