To our SOS Legislature and Senators in Colorado: "We are no longer accepting the things we cannot change. We are changing the things we no longer wish to accept, and we will make sure you understand the difference".

SEC. 2. All political power is inherent in the people, and all free governments are founded on their authority, and instituted for their benefit; and they have at all times an undeniable and indefeasible right to alter their form of government in such manner as they may think expedient.

Covid 19 was the means that allowed widespread voter fraud.

The right to vote is a God-given right that has been taken from us. I have seen enough evidence to reach a conclusion. Forensic audits in all 50 states are necessary to restore voter confidence and voter integrity. We simply do not have confidence or TRUST in our elected (selected) officials. 2000 MULES. ORGANIZED ELECTION FRAUD. ABSENTEE BALLOT Fraud, MACHINE fraud. COVID FRAUD. Bots, bots and more bots. Fake polls, pay for play media organizations. We are the majority and we do not support your globalist, communist, socialist policies for Colorado. If your policies worked, our cities would not look like they do.

Any rule changes you have proposed Must be put to ballot, you are not our dictators!

ColoradoKevin
