Dear Employee/madam Griswold,

In regards to the hearing today (which is humorous) since you've chosen to hear nothing we said thus far.

That said when no resolution is reached we have, an we will keep beating this drum!!

Something I've shared with our children "People who do bad things with you eventually will do bad things to you. So please know for your arrogant insolence you will not come out of this unscathed.

Your employer,

Deborah Gray
