Hi there!

My name is Redemption Lindoerfer! I am a Colorado Notary and a Co-Owner of Lindy Rich Services.

We would like to add our voices to this rule-making process. We want to encourage the approval of this rule so that biometrics can become part of our CO RON experience. This way we can take the signings for Colorado properties and do them ourselves, even when the signer is not a US Citizen or does not have credit attached to their Social Security Number.

Thank you so much!

Redemption
