Hello,

My name is Sean Eckrich, CO Notary & Co-Owner of Lindy Rich Services, a CO notary company.

We are hopeful that this new rule will pass and bring us the ability to use biometrics as a primary security measure in the transactions for signers who can't use KBA. This would greatly improve the ability for CO remote notaries to give full service to all our partners.

I appreciate your time and have a great day!

Sean R. Eckrich

Co-CEO of Lindy Rich Services, LLC
