Hi, my name is Zech Eckrich and I am a CO notary and a part of Lindy Rich Services, our family owned Notary business.

I would just like to add my statement to say that we would very much like this rule to pass so that we can add biometrics to our RON signings. We would like to keep our RON business in-house and in-state but without this rule being passed we are unable to do that.

Thank you so much,
Zechariah J Eckrich ("A Rich")
