Subject: [EXTERNAL] Proposed election rule changes
Date: Monday, August 7, 2023 10:32:21 AM

Dear Sir/Madam: I am proud to be a resident of the State of Colorado, which has one of the most effective election systems in the country. However, there is always room for improvement. I have reviewed the proposed election rule changes and believe that they strengthen our system of elections and provide necessary improvements that ensure that our elections remain fair and accessible to all voters. I urge you to adopt the proposed rules as presented. I am particularly in favor of those changes that ensure the security of drop boxes and voting equipment, that strengthen the signature verification rules, that ensure that all judges are trained and are consistent and fair in their review of signatures, and that ensure proper staffing of bipartisan teams. A consistent and transparent election system, that protects the rights of all voters, is something that we all can support, regardless of our political affiliation.
