Voting Only in person Every year . You failed at trying aristocratic measures to eliminate Trump.

My wife 3rd generation CO and I 50+ years in CO are fed up with your forcing a one Democrat party state.

This governor is lockstep with Newsom. Seniors are revolted against this for common godly laws and morals.

Enough with your trans and violent & murder influencers agenda

Clean this mess you created up

With our constitutional rights and away with cheating illegals voting.

Fire any teachers/politicians that celebrate murder.

Celebrate

ONLY GODS LAWS.

Thanks. Raymond Evans
